## ORDER DIRECTING STAFF TO FILE A RECOMMENDATION AND SETTING A TIME FOR RESPONSE

Issue Date: February 2, 2021

Effective Date: February 2, 2021

On February 2, 2021, Evergy Missouri Metro and Evergy Missouri West (collectively Evergy) filed an application to update Missouri Energy Efficiency Investment Act Cycle 3 (MEEIA Cycle 3) Evaluation Measurement & Verification (EM&V) Plans. Evergy wants to modify the plans to reflect updated EM&V methodologies and responsibilities, report formats, and reporting timelines. Evergy submitted two plans because there are two EM&V contractors carrying out MEEIA Cycle 3 evaluations. Evergy requests the Commission approve its updated EM&V plans.

Evergy states that it discussed the updated plans with the Missouri Stakeholder group, and they expressed no concerns. Evergy also provided the updated plans to the Commission's Staff on January 29, 2021. Evergy States that the Commission's Staff supports the revisions to the updated EM&V plans.

The Commission will order its Staff to file a recommendation regarding Evergy's updated EM&V plans, and shall set a time for any responses.

**THE COMMISSION ORDERS THAT:**

1. The Commission's Staff shall file its recommendation regarding Evergy's updated EM&V plans no later than February 12, 2021.
2. Any responses to Staff's recommendation or Evergy's updated EM&V plans shall be filed no later than February 17, 2021.
3. This order is effective when issued.
