Issue Date: December 31, 2008

Effective Date: December 31, 2008

On December 30, 2008, KCP&L Greater Missouri Operations Company (KCP&L-GMO) filed a tariff to adjust the rate the company recovers under the fuel adjustment clause approved by the Commission in the company's last rate case, ER-2007-0004. The tariff would increase charges related to the fuel adjustment clause by approximately \$6.1 million for the area formerly served by Aquila Networks – L&P, and by approximately \$17.8 million for the area formerly served by Aquila Networks – MPS. KCP&L-GMO indicates the requested rate increase will increase a typical residential customer's bill by approximately \$1 per month. The Commission will give notice of the filing of this tariff to the public and will set a date for the filing of intervention requests.

Commission Rule 4 CSR 240-3.161(10) provides that parties to the rate case in which the Commission established KCP&L-GMO's fuel adjustment clause are automatically parties to this tariff case, without the necessity of having to apply for intervention. The Commission therefore acknowledges that the parties to ER-2007-0004 are parties to this case, and will direct its Data Center to add those parties to the service list.
