Re: Change of power supplier

The purpose of this letter is to inform you that Osage Valley is willing to accept serving your house from the City of Rich Hill if the Missouri Public Service Commission approves the change.

To start the process and help better inform your legal counsel of the circumstances, we have contacted the City of Rich Hill and with their assistance will be installing the double meter adapter with Osage Valley's meter and the City of Rich Hill's meter.

If you have any further questions then please call me at 1-800-889-6832.

Sincerely,

Wm. Brett Burns
