

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Application of Kansas City )  
Power & Light Company for Approval of the )  
Accrual and Funding of Wolf Creek Generating )  
Station Decommissioning Costs at Current Levels. )

**File No. EO-2012-0068**

**STAFF'S STATUS REPORT**

**COMES NOW** the Staff of the Missouri Public Service Commission and reports to the Commission on the status of this case as follows:

1. In response to Staff's June 17, 2012, status report the Commission issued an order on February 8, 2012, directing Staff to file an additional status report by March 1, 2012.

2. Staff and Kansas City Power & Light Company have reduced the terms of an agreement to resolve this file to a writing to which no one has objected. However, in the similar nuclear decommissioning case for Union Electric Company d/b/a Ameren Missouri, Case No. EO-2012-070, as Staff relates in its status report this same date in that case, while pursuing settlement Ameren Missouri made comments and suggestions to Staff's draft stipulation and agreement which caused Staff to submit a data request to Ameren Missouri that, although past due, Ameren Missouri has not answered yet.

3. While Kansas City Power & Light Company did not make comments or suggestions similar to those that caused Staff to submit a similar data request to Kansas City Power & Light Company in this case, Staff desires to obtain the response to its data request to Ameren Missouri to assure it the Commission need not address this matter in this case before Staff consummates a stipulation and agreement in this case. Staff expects Ameren Missouri will respond to Staff's data request shortly.

4. Staff still anticipates the parties will enter into a stipulation and agreement in this case. If they do not, Staff will notify the Commission and file its recommendation shortly thereafter.

**WHEREFORE**, for its status report, Staff notifies the Commission it is waiting on Ameren Missouri's response to a data request in it similar nuclear decommissioning case, but anticipates the parties in this case will enter into a stipulation and agreement; however, if they do not, Staff will notify the Commission and file a recommendation shortly thereafter.

Respectfully submitted,
