**JOINT REQUEST FOR WAIVER, MOTION FOR EXPEDITED TREATMENT, AND
APPLICATION FOR APPROVAL OF ADDENDUM NO. 1
TO AN APPROVED TERRITORIAL AGREEMENT**

COMES NOW, Union Electric Company d/b/a Ameren Missouri ("Company"), a Missouri corporation, and Callaway Electric Cooperative ("Cooperative"), (collectively, "Joint Applicants") and for their *Joint Application* to the Missouri Public Service Commission ("Commission") for an order approving Joint Addendum No. 1 to their previously executed Territorial Agreement ("Addendum No. 1" and "Territorial Agreement," respectively) in accordance with Article 10 of that Territorial Agreement as well as Sections 393.106 and 394.312, RSMo, which cover electrical corporation and electric cooperative service rights, respectively. To facilitate an expedient implementation of Addendum No. 1, Joint Applicants also request a Waiver of the 60-day notice requirement of 20 CSR 4240-4.017, and further request expedited treatment of this *Joint Application* so that the customer subject to this application can receive permanent service¹ in a timely manner. In support of their positions, the Joint Applicants state as follows:

INTRODUCTION

1. On March 22, 2002, Joint Applicants entered into a Territorial Agreement, which was approved by the Commission in File No. EO-2002-458 on July 28, 2002. The Territorial

¹ While the Joint Applicants have agreed that the Cooperative may begin providing temporary service to the customers upon the filing of this *Joint Application*, they agree that expedient approval of this *Joint Application* will provide greater surety to all parties that the temporary service can remain permanent.

Agreement is attached hereto as Appendix 1 and is incorporated by reference into this *Joint Application* and made a part hereof for all purposes.² Article 10 of the Territorial Agreement allows the Joint Applicants to agree, on a case-by-case basis and through an addendum to the Territorial Agreement, to allow a structure to receive service from one party even though the structure is located in the electric service territory of the other.

2. To facilitate an expedient implementation of Addendum No. 1, Joint Applicants also request a Waiver of the 60-day notice requirement of 20 CSR 4240-4.017, and further request expedited treatment of this *Joint Application* so that the customer subject to this application can receive permanent service in a timely manner. Section 394.312 RSMo requires submission to, and approval by, the Commission of territorial agreements and their addendums. The Joint Applicants therefore submit this *Joint Application* in accordance with the general application requirements of 20 CSR 4240-2.060(1), as well as the more specific territorial agreement filing requirements of 20 CSR 4240-3.130(1). Accordingly, this *Joint Application* is divided into the following sections:

- I. 20 CSR 4240-4.017
- II. 20 CSR 4240-2.060(1), (A) through (M)
- III. 20 CSR 4240-3.130(1), (A) through (E)
- IV. 20 CSR 4240-2.080(14)
- V. Other Requested Findings and Orders

The information required by the rules, as well as the additional findings the Company and the Cooperative request, are discussed in more detail below.

I. 20 CSR 4240-4.017

3. Joint Applicants request a variance from the 60-day notice requirement of 20 CSR

² Joint Applicants provide this Territorial Agreement as Appendix 1 since pleadings from that time period are not available via the Commission's EFIS.

4240-4.017, which states, in relevant part:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case...

Pursuant to 20 CSR 4240-4.017(1)(D), waivers of the 60-day notice requirement may be granted for good cause shown. The rule further provides that good cause includes "a verified declaration from the filing party that it has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case..."³

As indicated in the Affidavits executed by Company and Cooperative attached as Appendix 3 and Appendix 4 to this *Application*, respectively, neither Company nor Cooperative has had any communications with the office of the Commission (as defined by 20 CSR 4240-4.015(10)) regarding any substantive issue likely to be in this case during the preceding 150 days.⁴ Accordingly, Company and Cooperative have established good cause for a waiver from the 60-day requirement of 20 CSR 4240-4.017(1). No other public utility will be affected by granting the Company a waiver from this requirement.

Paragraph (K) – Actions, Judgments, and Decisions; Paragraph (L) – Fees⁶

9. Company has no final unsatisfied judgments or decisions against it from any state or federal agency or court that involve customer service or rates that have occurred within three years of the date of this *Joint Application*. By the nature of its business, Company has, from time-to-time, pending actions in state and federal agencies and courts involving customer service or rates. Company has no annual report or assessment fees overdue to this Commission.

10. Cooperative has no final unsatisfied judgments or decisions against it from any state or federal agency or court that involve customer service or rates that have occurred within three years of the date of this *Joint Application*.

Paragraph (M) – Affidavit

11. Affidavits in support of this application by authorized individuals are included with this *Joint Application* as Appendices 3 and 4 for the Company and the Cooperative, respectively.

III. 20 CSR 4240-3.130(1), (A) through (E)

Paragraph (A) – Territorial Agreement and Description of Property

12. As previously noted, the Territorial Agreement and Addendum No. 1 are included as Appendices 1 and 2, respectively, to this *Joint Application*. The address and

⁶ Paragraph (J) does not apply to the Joint Applicants.

description of the structures to be served by Company within Cooperative's service territory are shown in Addendum No. 1, and are incorporated by reference into this *Joint Application* and made a part hereof for all purposes. Specifically, the address and description for the affected service area is:

- Location 1 is a single family home with the legal description of STR 22-49-9, owned by Lucas and Miranda McCray. Maps showing the location of the address and the existing service lines are attached hereto as Appendix 8, and are incorporated by reference into this *Joint Application* and made a part hereof for all purposes.

The Territorial Agreement and Addendum No. 1 only address electric service territories and the provision of electric service for the Applicants in Callaway County, where Location 1 is located. Neither the Territorial Agreement nor Addendum No. 1 affect the rights or service areas of any other electric service provider.

Paragraph (B) – Other Electric Suppliers

13. No other regulated electric supplier provides electric service in the area sought to be certificated.

Paragraph (C) – Illustrative Tariff

14. Due to the Territorial Agreement, the Company is proposing Tariff revisions which are attached hereto as Appendix 9, an exemplar tariff, which is incorporated into this *Joint Application* and made a part hereof for all purposes.

Paragraph (D) – Public Interest

15. Addendum No. 1 to the Territorial Agreement is not detrimental to the public interest; in fact, the Territorial Agreement is beneficial to the public interest. Generally, the establishment of exclusive service territories and service rights within a given geographic area prevents future duplication of electric service facilities, resulting in economic efficiencies and future cost savings, and benefit public safety and community aesthetics. In this case, allowing

Cooperative to provide service to Location 1, even if they are in Company's service territory, accomplishes these goals. The Cooperative maintains existing service lines closer to Location 1 than the Company's service lines. Additionally, if Company were to extend service to Location 1, it would not only be duplicating facilities, but would have to cross over the Cooperative's existing facilities to do so. The customer for Location 1 has submitted an affidavit in support of this *Joint Application* requesting service from the Cooperative. The Affidavit is included as Appendix 10 to this *Joint Application*, and are hereby incorporated by reference and made a part hereof for all purposes.

Paragraph (E) – Required Service Changes for Customers

16. No service changes will be required for any existing customer. The customer impacted by this Addendum No. 1, as indicated in the preceding paragraph, has expressed their desire to obtain service from Cooperative rather than Company and has submitted an affidavit affirming this preference (see Appendix 10).

IV. 20 CSR 4240-2.080(14)

17. Joint Applicants request expedited treatment of this *Joint Application*. The Company requests approval within 60 days of this *Joint Application*, so that the customers can be provided with permanent service as soon as practical. This *Joint Application* could not be completed more quickly.

V. Other Requested Findings and Orders

18. The Joint Applicants request certain Findings and Orders from the Commission so that they may carry out the obligations and requirements arising from the Territorial Agreement for which they are requesting approval. Specifically, the Joint Applicants request the following Findings and Orders:

- a. Cooperative will have the exclusive right to furnish electric service at the location indicated in Addendum No. 1.
- b. Joint Applicants' respective service responsibilities beyond the boundaries of the Territorial Agreement will remain unaffected by the terms of Addendum No. 1.
- c. As stated in the Territorial Agreement, each Joint Applicant will retain their respective rights to serve the remaining existing customers within the exclusive electric service area of the other unless specifically modified by existing or future Commission-approved addendums.
- d. Company's certificates of public convenience and necessity will not be impaired, except as specifically limited by the Territorial Agreement and its Commission-approved addenda.

CONCLUSION

19. The Joint Applicants request approval of Addendum No. 1 to their Territorial Agreement, which they have negotiated in good faith in order to further the public interest, as described above. Section 394.312, RSMo requires submission to, and approval by, the Commission of such territorial agreements and addendums. The Joint Applicants request the Commission determine that this *Joint Application* fulfills the requirements of 20 CSR 4240-2.060(1) and 20 CSR 4240-3.130(1) for the approval of this type of agreement, and provide the requested Findings and Orders so that Addendum No. 1 can be implemented. The Joint Applicants further ask that the 60-day notice requirements of 20 CSR 4240-4.017 be waived, and that an Order granting this *Joint Application* be approved within 60 days, pursuant to 20 CSR 4240-2.080(14).

WHEREFORE, Company and Cooperative, as Joint Applicants, respectfully request that, the 60-day notice requirement be waived and, in an expedited manner, the Commission find that the Joint Applicants have met the regulatory requirements and approve Addendum No. 1 to their Territorial Agreement, allowing Cooperative to serve customers at the location indicated therein.

ARTICLE 2.

EXCLUSIVE RIGHT TO SERVE

- 2.1 Pursuant to Section 394.312 RSMo. 2000, this Agreement designates the boundaries of the electric service area of Company and Cooperative. In this Agreement, Cooperative agrees not to serve New Structures in an area described in Article 3, hereinafter referred to as the Exclusive Service Area of the Company. Likewise, Company agrees not to

- serve New Structures in an area described in Article 4, hereinafter referred to as the Exclusive Service Area of the Cooperative. Because Section 394.312 RSMo. 2000, permits electric suppliers to displace competition only by a written agreement, parties that are not signatories to this Agreement are in no way affected by the terms of this Agreement, including but not limited to, the exclusive service area boundaries set forth herein.
- 2.2 After the Effective Date, as between the parties, each party shall have the exclusive right to furnish electric service to all New Structures located within its respective Exclusive Service Area described in Articles 3 and 4 of this Agreement, regardless of the size of the load or the characteristics of the customer's requirements. Except as provided expressly herein, neither party may furnish, make available, render, or extend electric service to New Structures or for use within the exclusive service area of the other party, either directly, indirectly, through a parent, affiliate, or subsidiary of Company or Cooperative, whether said parent, affiliate, or subsidiary be a corporation, limited liability company, partnership, or cooperative corporation.
- 2.3 Both Parties retain the right to furnish electric service to all Existing Structures that they are serving by either permanent or temporary electric service on the Effective Date of this Agreement, regardless of their location.
- 2.4 During the time period between the filing date of this Agreement with the Commission and the Effective Date of the Agreement, if a customer requests new electric service for a Structure located in the Exclusive Service Area of one party from the other party, the parties will meet and determine the party and means to serve the Structure. In the event the parties cannot agree, the new Structure shall be served by the party whose customer equipment is located closer to the new Structure.
- 2.5 The parties recognize and agree that this Agreement places limits on the party's abilities to distribute retail electric energy. In the event that retail wheeling of unbundled electric energy becomes available in the territory affected by this Agreement (i.e., retail customers are permitted to choose their suppliers of electric energy), nothing in this Agreement shall be construed to limit in any way the ability of either party to furnish

electric energy to Structures located in the Exclusive Service Area of the other party; provided, however, that the electric energy shall be delivered to said Structures by means of the electric distribution facilities of the party in whose Exclusive Service Area the Structures are located. Further, in the event changes in this Agreement are required due to retail wheeling of unbundled electric energy becoming available in the territory affected by this Agreement, both parties agree to negotiate in good faith changes to this Agreement and the parties shall cooperate in obtaining approval of the modified agreement by participating in the joint application requesting Missouri Public Service Commission (hereinafter the "Commission") approval, if required.

ARTICLE 3.

EXCLUSIVE SERVICE AREA OF COMPANY

The Exclusive Service Area of Company, as between the parties under this Agreement shall be those portions of Audrian County (Figure A1), Boone County (Figure A2), Callaway County (Figure A3), Montgomery County (Figure A4), and Warren County (Figure A5) as described by metes and bounds in Exhibit B and as illustrated by the lines shown on the above-referenced Figures. All exhibits referred to in this Article are incorporated herein by reference and made a part of this Agreement, as if fully set out verbatim. In cases of conflict between maps in Figures A1 to A5 and the written legal descriptions by metes and bounds in Exhibit B, the legal written descriptions shall prevail. The Company may serve within municipalities that are located in the Company's Exclusive Service Area, pursuant to this Agreement.

ARTICLE 4.

EXCLUSIVE SERVICE AREA OF COOPERATIVE

The Exclusive Service Area of Cooperative, as between the parties under this Agreement shall be those portions of Audrian County (Figure A1), Boone County (Figure A2), Callaway County (Figure A3), Montgomery County (Figure A4), and Warren County (Figure A5) as described by metes and bounds in Exhibit C and as illustrated by the lines shown on the above-referenced Figures, except that area which is described by metes and bounds in Exhibit D, Callaway Plant Site, which shall be open to competition. All exhibits referred to in this Article are incorporated herein by reference and made a part of this Agreement as if fully set out verbatim. In cases of

conflict between maps in Figures A1 to A5 and the written legal descriptions by metes and bounds in Exhibit C, the legal written descriptions shall prevail. The Cooperative may serve within municipalities that are located in the Cooperative's Exclusive Service Area, pursuant to this Agreement.

ARTICLE 5.

OTHER ELECTRIC POWER PROVIDERS

- 5.1 The exclusive service area of Company as defined in Article 3 includes other Electric Power Providers. Notwithstanding any other provision of this Agreement, should any Electric Power Provider cease to operate and maintain its electric facilities and sell such facilities, merge, or otherwise transfer the service and facilities to Cooperative, or Cooperative's surviving entity, Cooperative and/or its surviving entity shall have the power to serve the Structures which are receiving permanent service, as that term is defined in § 394.315, RSMo. from said Electric Power Provider and/or Cooperative as of the date Cooperative and Electric Power Provider close and consummate the sale and/or merger (hereinafter "Reorganization Date").
- 5.2 Following the purchase, merger or other acquisition of any other Electric Power Provider's facilities by Cooperative and the receipt of all required regulatory approvals, Company and Cooperative shall within twelve (12) months after the Reorganization Date submit an amendment to this Agreement ("the Amendment") to the Missouri Public Service Commission modifying this Agreement as follows:
- A. The parties agree that the boundary lines established pursuant to either Sections 5.2B or 5.2C shall not modify the boundary lines established for both Company and Cooperative in Callaway and Audrain Counties as set out in this Agreement.
 - B. For all other counties covered by this Agreement, the parties shall determine if a territorial agreement between Company and the Electric Power Provider exists prior to the Reorganization Date. If a territorial agreement does exist, then the Amendment shall exclude from the Exclusive Service Area of the Company under this Agreement, the Exclusive Service Area of the other Electric Power Provider

as defined in the territorial agreement between the Company and the other Electric Power Provider.

- C. If no territorial agreement exists between Company and the other Electric Power Provider as of the Reorganization Date, Company and Cooperative shall submit an Amendment which removes all U.S. Surveys/ sections, and those U.S. Surveys/ sections adjacent to those U.S. Survey/ sections, where the Electric Power Provider had Customer Service Equipment and customers/members, from the Exclusive Service Area of Company as defined in this Agreement; and either party may serve any New Structures in these affected U.S. Survey/ sections as if no territorial agreement exists; provided, however, that no U.S. Survey/ section nor part of any U.S. Survey section within Callaway or Audrain County located within the municipal limits of any municipality whose population is in excess of 1500 or the statutory limit as set out in Chapter 394, RSMo. will be deleted from the Company's Exclusive Service Area.
- D. Nothing in this Section prohibits the parties in the Amendment from establishing new exclusive service areas in the affected service area in lieu of the above procedures.

ARTICLE 6.

OTHER ELECTRIC SYSTEMS

- 6.1 The Exclusive Service Area of Cooperative as defined in Article 4 includes the City of Fulton, which operates and maintains municipally-owned electric facilities. Notwithstanding this Agreement, should Fulton cease to operate and maintain its electric facilities and sell such facilities to Company, Company may serve within the incorporated boundaries of Fulton as it exists on the date Fulton and Company agree on a sale of Fulton's facilities to Company ("Sale Date"), pursuant to the following terms and conditions. Following the purchase of such facilities by Company and the receipt of all required regulatory approvals, Company and Cooperative shall agree on an amendment to this Agreement ("the Amendment").

- A. If a territorial agreement between Cooperative and Fulton exists prior to the Sale Date, the Amendment shall exclude from the exclusive service area of the Cooperative under this Agreement, the exclusive service area of Fulton under the territorial agreement between the Cooperative and the municipality.
 - B. If no such territorial agreement exists on the Sale Date, the Amendment shall exclude from the exclusive service area of Cooperative under this Agreement, certain territory lying within Fulton's incorporated boundaries. The boundaries of the area to be excluded from Cooperative's exclusive service area under this Agreement shall be that portion of Fulton's incorporated boundary as it exists on the Effective Date of this Agreement, plus such portion of any territory annexed by the municipal after the Effective Date of this Agreement, which territory is closer to the facilities acquired by Company from Fulton than to facilities of Cooperative as both such facilities exist on the Sale Date.
 - C. In the event the parties cannot agree on the boundaries defined above within twelve (12) months after the Sale Date, the parties shall submit the issue of the appropriate boundaries to determination by the Commission, as provided in Section 394.312.2. RSMo.
- 6.2 Notwithstanding the foregoing Article 6.1, Company shall be entitled to serve all of the Structures served by Fulton prior to the purchase of the facilities by Company, regardless of whether the Structures are located in territory determined to be served by Company or Cooperative. Cooperative shall be entitled to serve all of the Structures it was serving prior to the purchase of the Fulton municipal system by Company, regardless of whether the Structures are located in territory deemed to be served by Company or Cooperative.
- 6.3 The exclusive service area of Company as defined in Article 3 includes the cities of Columbia, Centralia and Vandalia, incorporated municipalities which operate and maintain municipally-owned electric facilities. Notwithstanding this Agreement, should any of the municipalities cease to operate and maintain municipally-owned electric facilities and sell such facilities to Cooperative, Cooperative may serve within the incorporated boundaries of such municipal as it exists on the date such municipal and

Cooperative agree on a sale of the municipal's facilities to Cooperative ("Sale Date"), pursuant to the following terms and conditions. Following the purchase of such municipality's facilities by Cooperative and the receipt of all required regulatory approvals, Company and Cooperative shall agree on an amendment to this Agreement ("the Amendment"). If a territorial agreement between Company and the municipality exists prior to the Sale Date, the Amendment shall exclude from the exclusive service area of Company, under this Agreement, the exclusive service area of the municipality under the territorial agreement between the Company and the municipality. If no territorial agreement between Company and the municipality exists on the Sale Date, the Amendment shall exclude from the exclusive service area of Company under this Agreement, certain territory lying within the municipality's incorporated boundaries. Boundaries of the area to be excluded from the exclusive service area of Company shall be that portion of the municipality's incorporated boundary as it exists on the Effective Date of this Agreement, plus such portion of any territory annexed by the municipality after the Effective Date of this Agreement, which territory is closer to the facilities acquired by Cooperative from the municipality than to facilities of Company as both such facilities exist on the Sale Date. In the event the parties cannot agree on the boundaries defined above within twelve (12) months after the Sale Date, the parties shall submit the issue of the appropriate boundaries to determination by the Commission as provided in Section 394.312.2. RSMo.

- 6.4 Notwithstanding the foregoing Article 6.3, Cooperative shall be entitled to serve all of the Structures served by the municipality prior to the purchase of the facilities by Cooperative, regardless of whether the Structures are located in territory determined to be served by Company or Cooperative. Company shall be entitled to serve all of the Structures it was serving prior to the purchase of the municipality system by Cooperative, regardless of whether the Structures are located in territory deemed to be served by Company or Cooperative.

ARTICLE 7.**Exceptions to Exclusive Service Territories**

Company and Cooperative agree to the following exceptions to the Company's exclusive service area set forth in Article 3 above.

- A. Cooperative shall have the exclusive right to serve the Existing Structures, any expansion of the Existing Structures, and any New Structures located completely within the boundaries of the properties described by deed in Exhibit E, for the businesses of the Golden Village, Inc. or its successors and assigns, Carl and Shirley Gastineau Trust U/T/A or its successors and assigns, and Gastineau Log Homes or its successors and assigns. The Cooperative's right to serve facilities within the property boundary listed above shall continue to exist, regardless of the property owner or whether the property is abandoned, so long as the Property's Purpose is commercial, provided, however, if the property is abandoned for over ten (10) years, Cooperative's rights to serve within the property boundary shall be extinguished. For the purpose of this section, "Abandoned" shall mean the termination of all commercial activities on the property.
- B. The Cooperative's exclusive right to serve as described in Article 7A above shall not apply to any portion of property described in Exhibit E once said property is sold or leased for either agricultural or residential Purposes.

ARTICLE 8.**LOCATION OF A STRUCTURE**

- 8.1 The location of a Structure for purposes of this Agreement shall be the geographical location at which electric energy is used, regardless of the metering point or point of delivery.
- 8.2 The first owner of a New Structure who requests and receives electric service at said Structure which is located on or crossed by any mutual boundary line, as described in Articles 3 and 4, defining the Exclusive Service Areas of the parties shall be permitted to choose either party for permanent electric service; provided that the Customer's meter is

installed within that party's Exclusive Service Area. Thereafter, that party shall exclusively serve that Structure.

- 8.3 A party may provide electric service to a New Outbuilding located in the Exclusive Service Area of the other party, so long as (i) the New Outbuilding is located within the contiguous tract of land on which that party's customer's Structure is located and the New Outbuilding shall not be used for commercial or industrial purposes or (ii) the other party consents in writing. This section shall not apply to a customer who receives electric service from both Company and Cooperative on the same tract of land, and requests additional electric service. New Outbuildings for these customers shall be served by the designated exclusive service provider, unless the customer, Company, and Cooperative agree otherwise and follow the procedures set out in Article 10.

ARTICLE 9.

RIGHT TO CONSTRUCT FACILITIES

This Agreement shall in no way affect either party's right to construct such electric generation, distribution and transmission facilities within the designated Exclusive Service Area of the other as that party deems necessary, appropriate or convenient to provide electric service to its customers not inconsistent with the terms of this Agreement and as otherwise allowed by law.

ARTICLE 10.

CASE-BY-CASE EXCEPTION PROCEDURE

- 10.1 The parties may agree on a case-by-case basis by an Addendum hereto to allow a Structure to receive service from one party although the Structure is located in the Exclusive Service Area of the other party.
- 10.2 Such Addendum shall be filed with the Executive Secretary of the Commission in the same manner as a motion or other pleading, with a copy submitted to the Office of Public Counsel. There will be no filing fee for these addenda.

- 10.3 Each Addendum shall consist of a statement identifying the Structure, the party to serve the Structure, the justification for the Addendum, and indicating that the parties support the Addendum.
- 10.4 Each Addendum shall be accompanied by a statement, signed by the customer to be served, which acknowledges such customer's receipt of notice of the contemplated electric service to be provided, and that the Addendum represents an exception to the territorial boundaries approved by the Commission and shall indicate the customer's consent to be served by the service provider contemplated by the Addendum.
- 10.5 If the Commission Staff or Office of the Public Counsel do not submit a pleading objecting to the Addendum within forty-five (45) days of the filing thereof, the Addendum shall be deemed approved by the aforesaid parties. Each Addendum shall contain a statement in bold uppercase typeface indicating that the Staff or Office of the Public Council have forty-five (45) days to oppose the Addendum or else the Addendum shall be deemed approved by the aforesaid parties.
- 10.6 Each party, pursuant to an executed Addendum, shall have the right to provide temporary service, as defined in Section 393.106 RSMo., until the Commission approves or disapproves the Addendum. No party shall be required to remove any facilities installed pursuant to an agreement until the effective date of an Order of the Commission or a court regarding the removal of same.

ARTICLE 11.

 - E. Approval of this Territorial Agreement or the Contract by the Securities and Exchange Commission to the extent of its jurisdiction, if required.
- 11.3 This Agreement shall be submitted to the Board of Directors of both Company and Cooperative for approval. Once approved by each party's board of directors, each board member and officer of Company and Cooperative agree to support the approval of this Agreement as being in the public interest. To this end, each party will cooperate in presenting a joint application showing that this Agreement is in the public interest. Further, no board member or officer of Company or Cooperative shall support any effort undertaken by others to oppose this Agreement.
- 11.4 Company and Cooperative agree to undertake all actions reasonably necessary to implement this Agreement. Company and Cooperative will cooperate in presenting a

joint application showing this Agreement, in total, not to be detrimental to the public interest. Company and Cooperative will share equally in the costs assessed by the Commission for seeking administrative approval of this Agreement. All other costs will be borne by the respective party incurring the costs.

ARTICLE 12.

TERMINATION

- 12.2 **Effective Date of Termination.** The termination of this Agreement shall be effective on the date the Commission receives a notice signed by both Company and Cooperative of their decision to terminate this Agreement.
- 12.3 **Effect of Termination.** If the transactions contemplated by this Agreement are terminated as provided herein each party shall pay the costs and expenses incurred by it in connection with this Agreement, and no party (or any of its officers, directors, employees, agents, attorneys, representatives, or shareholders) shall be liable to any other party for any costs, expenses, or damages; except as provided herein, neither party shall have any liability or further obligation to the other party to this Agreement.

- 15.7 **No Waiver.** If a party has waived a right under this Agreement on any one or more occasions, such action shall not operate as a waiver of any right under this Agreement on any other occasion. Likewise, if a party has failed to require strict performance of an obligation under this Agreement, such action shall not release the other Party from any other obligation under this Agreement or the same obligation on any other occasion.
- 15.8 **Further Assurances.** The parties shall execute such other documents and perform such other acts as may reasonably be necessary in order to give full effect to this Agreement.

That at said meeting W. G. Bedsworth acted as Chairman and James McClanahan acted as Secretary and kept the minutes thereof.

That at said meeting there were present in person a majority of the stockholders of said Association and the stockholders holding the larger amount, both in number and value, of shares of stock of said Association.

A proposition was then and there submitted to amend Section Five by striking out or deleting the second sentence of the fifth paragraph or section of said Articles, which proposition was in the following form:

RESOLVED, That the Articles of Incorporation of this Association be and they hereby are amended by deleting from paragraph Fifth thereof the second sentence, which reads as follows:

"The capital with which the Association will begin business is five hundred Dollars (\$500.00)."

and by changing the first sentence of said paragraph Fifth to increase the authorized capital stock of the Association from \$2,000 to \$30,000, and the number of shares from 1,000 to 6,000, and the par value from \$2.00 to \$5.00, so that said paragraph Fifth shall, as amended, read:

"Fifth. The amount of the authorized capital stock of this Association shall be Thirty Thousand Dollars (\$30,000), divided into six thousand (6,000) shares of the par value of Five Dollars (\$5.00) each. The shares of authorized capital stock may be issued from time to time and shall be paid for at such times and in such manner as the by-laws of this Association shall determine."

And upon canvassing the vote thereon it appeared that a majority of the stockholders and a majority both in number and value of shares of the issued stock of said Association had been voted in favor of such amendment.

It was therefore declared by the Chairman of the meeting that the Articles of Incorporation had been amended as proposed and it was ordered that the President and Secretary of the Association prepare, execute and record the necessary affidavit showing such amendment.

Witness our hands this 19th day of December, 1936.

Dear AmerenUE Customer:

AmerenUE and Callaway Electric Cooperative are considering agreements to exchange some electric distribution facilities and to define exclusive service areas. AmerenUE and Callaway Electric Cooperative believe that these agreements would enable both utilities to operate more efficiently by eliminating costly duplication of service, help to keep rates down, improve service, and provide for orderly growth in the area. The agreements will also enhance public safety, resulting in less confusion for fire, ambulance, and law enforcement officials.

We are considering an agreement that would transfer to Callaway Electric Cooperative approximately 750 homes and businesses now served by AmerenUE in return for approximately 600 Callaway Electric Cooperative members. You have an account in an area where electric service would switch from AmerenUE to Callaway Electric Cooperative. The agreements are subject to review and approval of the Missouri Public Service Commission before becoming effective. Prior to entering into the agreement, we wish to obtain your thoughts.

Enclosed is a pamphlet providing information about Callaway Electric Cooperative and answering some of the questions you might have. To obtain your thoughts and answer your questions, representatives of both AmerenUE and Callaway Electric Cooperative will be available at the following locations:

Tues., Nov. 27, 3-7 p.m. at Callaway Electric Cooperative Community Room
503 Truman Road, Fulton, Mo.

Thurs., Nov. 29, 5-7 p.m. at Montgomery R-II High School, 394 HWY 19 North
Montgomery City, Mo.

AmerenUE offers 16 *Energy Plus* services for customers with special needs, such as Braille or large print bills for customers with vision problems and Telephone Device for the Deaf (TDD) for persons with hearing difficulties. And with the *Customer's Choice* payment plans, you can pay your AmerenUE bills automatically — without using checks, envelopes or stamps, or visiting an AmerenUE paystation.

Customer surveys consistently show a high degree of satisfaction with AmerenUE service. For example, in 2000, 85% of customers surveyed gave AmerenUE a "favorable" to "very favorable" rating.

AMERENUE FACTS AND FIGURES

AmerenUE is a subsidiary of St. Louis-based Ameren Corporation — formed by the 1997 merger of Union Electric Company and CIPSCO Incorporated, parent of Central Illinois Public Service Company. The name, Ameren, reflects the company's geographic roots and core business — *American Energy*. Ameren is an investor-owned company listed on the New York Stock Exchange (symbol AEE). Web site: www.ameren.com

- AmerenUE serves 1.2 million electric customers and 124,000 natural gas customers in a 24,500-square-mile area of Missouri and Illinois.
- Four coal-fired power plants produce 70% of AmerenUE's annual electric generation. Another 26% comes from the Callaway Nuclear Plant — which ranks as one of the best in the world in both safety and performance. The remaining 4% is produced at three hydroelectric plants, including Bagnell Dam at the Lake of the Ozarks.
- To help ensure reliability, the Ameren electric system has more than 30 direct connections with other power suppliers — making it the second "most-connected" energy company in the nation.
- AmerenUE is a leader in implementing new technologies to improve customer service. For example, the company currently operates the largest automated metering network of its type in the world. This system not only reads meters automatically, but also signals AmerenUE if a customer loses power due to a storm or other problem.

AmerenUE & Callaway Electric Cooperative Territorial Agreement

**Answers
to your Questions**

AmerenUE and Callaway Electric Cooperative are discussing a proposed territorial agreement that would define service areas and exchange some facilities. The agreement, which would be subject to approval by the Missouri Public Service Commission (PSC), is aimed at enabling both utilities to operate more efficiently — improving service and helping to keep rates down.

Under the proposal, some customers now served by AmerenUE would be served by Callaway Electric, and some Callaway Electric customers would become customers of AmerenUE. Since you are in one of the areas that would switch to AmerenUE service, we have prepared this pamphlet to provide information about AmerenUE and answer questions you may have.

Q: What is a territorial agreement and why does AmerenUE and Callaway Electric Cooperative feel one is needed?

A: Rural Electric Cooperatives were created to bring electric service to rural areas, while investor-owned utilities like AmerenUE have primarily served cities and towns. However, as Missouri has become increasingly urbanized, cooperatives and investor-owned utilities now find themselves serving many of the same areas. This causes wasteful duplication of power lines and other facilities, which results in higher costs for everyone. To help remedy the situation, Missouri Law enables investor-owned companies, cooperatives, and municipal utilities to establish *territorial* agreements, which define the areas each will serve.

Q: Wouldn't it be better to have multiple suppliers, so residents and businesses could pick the one with the best rates or best service?

A: While in most businesses a "monopoly" is bad for consumers, in the electric utility industry having multiple distribution suppliers results in costly duplication of facilities — and higher costs.

Q: How do the rates of the two electricity suppliers compare?

A: Listed below are the two utilities' rates for residential customers:

AmerenUE (June-September):

Monthly customer charge	\$7.25
+Energy charge (per kWh)	8.130 cents

AmerenUE (October-May):

Monthly customer charge	\$7.25
+Energy charge (per kWh)	
First 750 kWh/month	5.770 cents
Over 750 kWh/month	3.891 cents

Callaway Electric Cooperative:

Monthly service charge	\$15.00
+Energy charge (per kWh)	
First 750 kWh/month	6.8 cents
751 - 2,000 kWh/month	5.7 cents
Over 2000 kWh/month	5.1 cents

Q: How do AmerenUE's rates compare with other utilities around the country?

A: AmerenUE's residential rates are about 15% less than the national average for investor-owned utilities and commercial rates are 20% below. AmerenUE has not had an electric rate increase since 1987.

Q: Is AmerenUE planning any rate increases in the near future?

A: No. In fact, AmerenUE has *reduced* rates four times since 1990 due to efficiency improvements and cost savings.

Q: How would switching to AmerenUE affect my service?

A: Customers should notice little, if any, difference in their basic service. However, as the largest electric utility in Missouri and third largest distributor of natural gas, AmerenUE has vast resources to help ensure quality service — especially in an emergency. For example, when a tornado ripped through downtown Moberly, July 4, 1995, knocking out power to most of the city, AmerenUE had 30 crews on the scene within hours to begin repairing the damage!

Q: What are some of the other benefits of having AmerenUE service?

A: Customers can call AmerenUE, toll-free, anytime day or night. Billing questions and routine business calls are handled from 6 a.m. to 10 p.m. weekdays and from 7 a.m. to 5 p.m. Saturdays. Emergency calls are handled 24 hours a day.

How do the rates of the two electricity suppliers compare?

Listed below are the two utilities' rates for residential customers:

AmerenUE (June-September):

Monthly customer charge \$5.75
 Energy charge (per kWh)..... 8.271 cents

AmerenUE (October-May):

Monthly customer charge \$5.75
 Energy charge (per kWh).....
 First 750 kWh/mo 5.998 cents
 Over 750 kWh/mo 3.965 cents

Callaway Electric Cooperative:

Monthly service charge \$15.00
 Energy charge (per kWh)
 First 750 kWh/mo 6.8 cents
 751-2,000 kWh/mo 5.7 cents
 Over 2,000 kWh/mo 5.1 cents

In Closing

Callaway Electric Cooperative takes great pride in providing quality electric service at the lowest possible cost consistent with sound business practices, while operating under the seven cooperative principles:

- *Open membership*
- *Democratic member control*
- *Member economic participation*
- *Autonomy and independence*
- *Constant education*
- *Cooperation among cooperatives*
- *Concern for the communities*

A group of people in rural Callaway and Montgomery counties started this Cooperative with membership fees and Rural Electrification Administration funds in 1936. They started with a dream, vision and a lot of hard work. We feel today that this proposed agreement is another important step in what was started so many years ago.

About the Customer Exchange Agreement

The customer exchange agreement is designed to allow utilities, such as AmerenUE and Callaway Electric Cooperative, to exchange customers for various reasons such as:

- Service reliability
- Safety issues
- Efficiency

After very careful study by both parties it has been determined that some AmerenUE customers would be better served by Callaway Electric Cooperative and some Callaway Electric Cooperative customers would be better served by AmerenUE.

The agreement is subject to approval by the Missouri Public Service Commission (PSC).

Since you are in one of the areas that would switch to Callaway Electric Cooperative we have prepared this pamphlet to provide information about Callaway Electric Cooperative and try to answer any questions you may have.

Q: What is a territorial agreement and why would AmerenUE and Callaway Electric Cooperative feel one is needed?

A: Rural Electric Cooperatives were created to bring electric service to rural areas, while investor – owned utilities like AmerenUE have primarily served cities and towns. However, as Missouri has become increasingly urbanized, cooperatives and investor – owned utilities now find themselves serving many of the same areas. This causes wasteful duplication of power lines and other facilities, concerns from emergency personnel when trying to identify who owns what facilities and many instances where one company's lines crosses over the top of the others. This is always a concern for those whose job it is to work on the power lines. To help remedy the situation, Missouri Law enables investor – owned companies, cooperatives

and municipal utilities to establish *territorial agreements*, which defines the areas each will serve.

Q: Wouldn't it be better to have multiple suppliers, so residents and business could pick the one with the best rates or service?

A: While in most businesses a "monopoly" is bad for customers, in the electric utility business having multiple distribution suppliers results in costly duplication of facilities and the safety concerns mentioned earlier.

Q: How would switching to Callaway Electric Cooperative affect my service?

A: Customers should notice little, if any, difference in their basic service. However, as a customer on the cooperative system you have the assurance that in the event of a major storm you are not alone. Callaway Electric Cooperative belongs to the Association of Missouri Electric Cooperatives (AMEC). In the unusual event that a local Cooperative requires additional resources they can draw from a pool of 40 local Cooperatives throughout the state that serve nearly 500,000 Missouri residents.

Q: Who Owns the Cooperative and How Does it Work?

A: The cooperative is a not for profit rural electric system that is owned by the members it serves and operates under the guidance of a board of directors elected by the membership. The board employs a manager to carry out its policies. A member with a concern can bring it to the attention of the CEO/General Manager in Fulton, or to any member of the Board of Directors.

Customers that are transferred from AmerenUE will become member/owners of Callaway Electric Cooperative. As a member, you

have a share in the margins remaining at the end of the year, called your Patronage Capital. After all expenses for furnishing your energy have been satisfied, money left over is set aside for you.

Patronage Capital is divided among all members, based on the amount of electricity the member/owner used that year. It is also the cooperative's equity, or working capital. It allows the cooperative to secure loans and maintain facilities and services. When the financial status of the Cooperative allows, the Board of Directors will authorize payment of a portion of the Patronage Capital. Presently all Patronage Capital earned through 1988 has been returned.

Q: What Kind of Response Can I Expect in Case of a Power Outage?

A: At Callaway Electric Cooperative, customer outage calls are handled locally, even if you call after normal working hours. Once we receive your call, assistance is sent as quickly as possible. Customer service is our top priority. We always have two linemen on standby, twenty-four hours a day, seven days a week, to insure we can provide needed assistance in a timely manner.

Q: What Type of Payment Plans Are Available?

A: *In person* - First, you can come by our office located at 503 Truman Road. Our lobby and drive – up window are open from 7:30 AM to 4:30 PM Monday thru Friday.

Automatic Payment Plan – This option offers you the convenience of having your payments automatically withdrawn from your personal checking or savings account.

Credit Card Payment Plan – This option offers you the convenience of being able to apply your payment to your MasterCard, Visa or Discover Card.

Budget Payment Plan – This option allows qualified customers to pay one steady amount for eleven months out of the year.

**ADDENDUM NO. # 1 TO TERRITORIAL AGREEMENT BETWEEN
UNION ELECTRIC COMPANY d/b/a AMEREN MISSOURI AND
THE CALLAWAY ELECTRIC COOPERATIVE**

This Addendum No. # 1 is entered into between Union Electric Company d/b/a Ameren Missouri ("Company"), and Callaway Electric Cooperative ("Cooperative"), hereafter referred to collectively as "Parties."

WHEREAS, the Parties have entered into a Territorial Agreement dated on or about March 25, 2002 ("Territorial Agreement"), which establishes exclusive service areas for each Party;

WHEREAS, said Territorial Agreement was approved by the Missouri Public Service Commission ("Commission") by Report and Order issued on July 28, 2002 in Case No. EO-2002-458;

WHEREAS, Article 10 of the Territorial Agreement permits the Parties to agree on a case-by-case basis by an Addendum to the Territorial Agreement to allow a structure to receive service from one party though the structure is located in the exclusive electric service territory of the other;

WHEREAS, Company and Cooperative have not entered into any prior Addendums;

WHEREAS, Lucas and Miranda McCray have requested electric service to a structure with a legal description of STR-49-9, Fulton, Missouri, a location within the designated exclusive service territory of Company;

WHEREAS, as demonstrated in Exhibit A, the Cooperative has facilities physically closer than those of Company the structure, making it more economic for Cooperative to serve this structure;¹

NOW, THEREFORE, Company and Cooperative, in consideration of the mutual covenants and agreements herein contained, agree as follows:

1. Both Parties desire and consent to Cooperative providing electric service to the structure legally described as STR 22-49-9 by the Callaway County Recorder of Deeds through the case-by-case addendum procedure contained Article 10 of the Territorial Agreement. Notwithstanding the boundaries described in the Territorial Agreement, Cooperative shall have the right to serve the structure.

¹ Cooperative already has services lines near the structure. The Company would need to overbuild Cooperative's existing overhead system to provide service to Customer, which would not be in the public interest. It is more cost effective for the Customer for Cooperative to extend service to the structure than for the Company to do so.

2. A metes and bounds description of the area encompassing the structure to be transferred is attached hereto as Exhibit B.

3. The exclusive territories of the Parties, as described in the Territorial Agreement, are not modified by this Addendum. In executing this Addendum, its terms shall be interpreted in light of the Territorial Agreement, including, but not limited to, the definitions, principles, and procedures set forth therein.

4. Since this Addendum is subject to the approval of the Commission, the Parties agree to undertake all actions reasonably necessary to obtain said approval. In addition, each Party has the right to initiate temporary service, as defined by RSMo. Section 393.106, at its own expense, until the Commission approves or disapproves the Addendum.

5. THIS ADDENDUM SHALL BE DEEMED APPROVED BY THE COMMISSION STAFF OR THE OFFICE OF THE PUBLIC COUNSEL IF SAID PARTIES DO NOT SUBMIT A PLEADING OBJECTING TO THE ADDENDUM WITHIN FORTY-FIVE (45) DAYS OF THE FILING THEREOF.

6. If the Commission rejects this or any portion of this Addendum, then the entire Addendum shall be nullified and shall have no legal effect. Further, if all or part of this Addendum is declared invalid or void by a Court or other agency with competent jurisdiction, then this Addendum shall be deemed invalid and void.

IN WITNESS WHEREOF, the parties have executed this Addendum this 7 day of
