Hi John-

I hope this email finds you well.

I just submitted our comments on the draft rules under the “submit public comments” link on your website. I didn’t know if staff had a preference that we submit comments through the link where a username and password is required. If you do, I’m glad to do so. Just in case, I also attached our comments to this email.

Thanks again John for your time in answering my questions, and I look forward to being in touch. Have a good day.

Thanks, Greg
