Issue Date: September 6, 2011

Effective Date: September 6, 2011

On August 31, 2011, Kansas City Power & Light Company (KCP&L) filed its 2011 cost study detailing its latest cost estimate for decommissioning the company's Wolf Creek nuclear power plant. Before acting on KCP&L's application, the Commission will direct its Staff to file a recommendation.

THE COMMISSION ORDERS THAT:

1. The Commission's Staff shall file a recommendation regarding Kansas City Power & Light Company's Application no later than December 1, 2011. Staff may request additional time if it is unable to offer its recommendation by that date.

2. This order shall become effective immediately upon issuance.
