In the Matter of the Resource Plan of )  
KCP&L Greater Missouri Operations Company )

File No. EO-2012-0324

## ORDER GRANTING EXTENSION OF TIME

Issue Date: November 2, 2012

Effective Date: November 2, 2012

On April 9, 2012, KCP&L Greater Missouri Operations Company ("GMO") filed with the Missouri Public Service Commission ("Commission") its 2012 Integrated Resource Plan (IRP), which is required by the Commission's Electric Utility Resource Planning rule, 4 CSR 240-22. On September 6, 2012, the Staff of the Commission, the Office of the Public Counsel, the Missouri Department of Natural Resources and Dogwood Energy, LLC submitted reports identifying concerns and deficiencies regarding the IRP.

On November 2, 2012, GMO requested an extension of time to make additional filings required under Commission Rule 4 CSR 240-22.080(9) & (10), which are due by November 5, 2012. GMO states that it has good cause for the request because the parties are working on a joint agreement to remedy any identified deficiencies and concerns, but need additional time to resolve those issues. GMO also represents that no other party opposes the requested two-week extension of time. The Commission finds the request reasonable and will extend the deadline for GMO to make additional filings required under Commission Rule 4 CSR 240-22.080(9) & (10).

### THE COMMISSION ORDERS THAT:

1. KCP&L Greater Missouri Operations Company's *Motion to Extend Time Periods* is granted. KCP&L Greater Missouri Operations Company shall make additional

filings required under Commission Rule 4 CSR 240-22.080(9) & (10) no later than November 19, 2012.

2. This order shall become effective immediately upon issuance.
