**RE: PSC CASE NO. EO-2004-0217**

Dear Mr. Roberts:

Intercounty Electric Cooperative Association received a notification letter on December 15, 2003 concerning a Territorial Agreement between Gascosage Electric Cooperative and Three Rivers Electric Cooperative.

A copy of the maps and legal description was requested, and were reviewed by the staff at Intercounty. Intercounty has an extensive service area with numerous services within the territories described between Gascosage and Three Rivers for Pulaski, Maries and Phepls Counties.

Intercounty does not have a problem with the approval of the application as long as the Agreement clearly stipulates that it is strictly between the two parties noted.

Sincerely,

Vernon W. Strickland  
General Manager
