Re: Authorization Cancellation

To Whom It May Concern,

Callabyte Technology, LLC was granted authorization by the Missouri Public Service Commission for telecommunications in June 2016. Callabyte Technology, LLC is not the provider of phone service to our customers. Telephone service is provided by Big River Telephone, Callabyte Technology simply resells the service. It is clearly stated on all our advertising and bills that digital telephone is provided by Big River Telephone. Through discussion with John Van Eschen it was recommended that we cancel our authorization with the Missouri Public Service Commission. The management of Callabyte Technology, LLC agrees with this recommendation and would like to cancel our authorization.

Sincerely,

A handwritten signature in black ink that reads "Thomas W. Howard". The signature is written in a cursive style with a long, sweeping tail on the letter "d".

Thomas W. Howard
