**INTERVENOR CITY OF RIVERSIDE'S STATEMENT OF POSITIONS ON THE
ISSUES**

COMES NOW Intervener City of Riverside Missouri, by and through counsel, and for its *Statement of Positions on the Issues*, states their position on the following limited issues:

1. Regulatory Policy

The Commission should maintain a policy that permits the Missouri American Water Company the ability to earn a fair return while providing assurance the rates set for MAWC are just and reasonable to all customers, including but not limited to true residential ratepayers. The policy should include that if there are quality of water issues as to consumption or destructive to a customer's pipes and/or appliances, no revenue increase should be granted, and a rate decrease should be considered, until such issues are resolved.

2. Future Test Year

The City of Riverside is opposed to instituting the use of "Future Test Years" in the establishment of just and reasonable rates.

The City shall file an Amended Statement of Position consistent with the Commission's Order of February 20, 2018, Modifying Deadline to File Statement of Positions on Wednesday, February 21, 2018.

WHEREFORE, the City of Riverside reserves its right to modify its position on this or any other issue raised in the case.

Respectfully submitted,
