APPLICATION TO INTERVENE

The Empire District Electric Company (Empire or Company), in response to the Missouri Public Service Commission's (Commission) *Order Establishing Cases, Directing Notice, Establishing A Deadline for Submission of Intervention Requests, Setting A Prehearing Conference and Date for Filing Procedural Schedules*, dated December 17, 2008, hereby submits its application to intervene in the above-entitled matter. In support of its application, Empire states as follows:

1. Empire is a Kansas corporation with its principal office and place of business at 602 Joplin Avenue (P.O. Box 127), Joplin, Missouri 64801 (64802). The Company is engaged in the business of providing electric, gas, and water utility services to customers in its service areas in southwestern Missouri. Empire also holds a certificate of service authority to provide certain telecommunications services.

2. Empire is an "electrical corporation," a "gas corporation," a "water corporation," a "telecommunications company," and a "public utility" as those terms are defined in Section 386.020, RSMo 2000, and thereby is subject to the jurisdiction and supervision of the Commission, as provided by law.

3. Empire has no final, unsatisfied judgments or decisions against it from state or federal regulatory agencies or courts that involve customer service and that have occurred within the three (3) years immediately preceding the filing of this application. According to the Commission's EFIS, Empire has the following matters pending before the Commission as of the

date of this application: Case Nos. EC-2008-0021, EC-2009-0078, EF-2009-0180, EO-2008-0215, EO-2009-0159, EO-2009-0181, EO-2009-0233, and ER-2006-0315. The Company also has no overdue Commission annual reports or assessment fees.

4. Empire filed documents in Case No. EF-94-39 establishing its incorporation and, in accordance with 4 CSR 240-2.060(1)(G), those documents are incorporated herein by reference. In Case No. EM-2000-369, the Company filed a Certificate of Authority from the Missouri Secretary of State showing that Empire, a foreign corporation, is authorized to do business in Missouri. In accordance with 4 CSR 240-2.060(1)(G), that document also is incorporated by reference.

5. Pleadings, notices, orders, and other correspondence and communications concerning this application or this docket should be addressed to the undersigned counsel and also to:

6. As an electric utility, Empire's interests differ from those of the general public. Although the Company does not currently know what position it will take in this case, the Company's interests will be directly affected – and could be adversely affected – by any changes to the PURPA Section 111(d)(16) Integrated Resource Planning Standard that are ordered by the Commission in this docket. For those reasons, it is important that Empire be allowed to intervene in this proceeding so that the Company can fully participate and can look after and protect the

interests of Empire, its shareholders, and its customers. In addition, allowing Empire to intervene would serve the public interest because it will afford the Company an opportunity to provide useful and relevant information that may aid the Commission in its deliberations in this case.

WHEREFORE, Empire prays that the Commission issue an order granting the Company's application to intervene in the above-entitled matter.

Respectfully submitted,
