MISSOURI PUBLIC SERVICE COMMISSION

CASE NO.

DIRECT TESTIMONY

OF

JOHN GREENLEE

JEFFERSON CITY, MISSOURI

November 27, 2001

1 Q. WHAT IS YOUR NAME?

2 A. John Greenlee.

3 Q. BY WHOM ARE YOU EMPLOYED?

4 A. Gascosage Electric Cooperative ("Gascosage").

5 Q. IN WHAT CAPACITY ARE YOU EMPLOYED?

6 A. I am the General Manager.

7 Q. WHAT ARE YOUR JOB DUTIES AS GENERAL MANAGER?

8 A. I am in charge of daily operations of the cooperative. I am responsible for all
9 customer related activity within the service area of Gascosage. This includes customer service,
10 office operations, line design, engineering, construction and maintenance of the cooperative
11 facilities.

12 Q. WHAT IS YOUR EDUCATIONAL BACKGROUND?

13 A. I hold an Associates of Arts degree in Business Administration from Highland
14 Community College, Highland, Kansas and a Bachelors of Science degree in Business from
15 Kansas State Teachers College, Emporia, Kansas.

16 Q. WHAT IS YOUR EMPLOYMENT HISTORY?

17 A. I have worked in the rural electric industry for approximately 29 years. I have
18 been the General Manager for Gascosage Electric Cooperative for the past ten years.

19 Q. ARE YOU AUTHORIZED ON BEHALF OF THE COOPERATIVE TO FILE
20 TESTIMONY IN THIS MATTER?

21 A. Yes, I am.

22 Q. WHAT RELIEF ARE THE APPLICANTS IN THIS MATTER REQUESTING
23 FROM THE COMMISSION?

1 A. Gascosage Electric Cooperative and AmerenUE entered into a Territorial
2 Agreement which was effective on June 23, 1998, pursuant to Report and Order issued by the
3 Commission in Case No. EO-98-279. I understand that any modification to the Territorial
4 Agreement must be approved by the Commission. The Joint Application requests approval of a
5 First Amendment to the June 23, 1998 Territorial Agreement. The Amendment seeks to amend
6 the exclusive service territory of each Applicant in Camden and Miller Counties and does not
7 require the transfer of any facilities or customers between Applicants. However, Gascosage and
8 AmerenUE have entered into a separate customer exchange agreement which Gascosage is
9 asking the Commission to approve. This testimony is filed to support the Amendment to the
10 Territorial Agreement and to demonstrate that the Amendment is in the public interest and
11 should be approved. The Cooperative and AmerenUE are asking the Commission to approve the
12 Amendment to the Territorial Agreement.

13 Q. ARE YOU FAMILIAR WITH THE CONTENTS OF THE FIRST
14 AMENDMENT TO THE TERRITORIAL AGREEMENT AND CONTRACT FOR
15 PURCHASE AND SALE OF DISTRIBUTION FACILITIES BETWEEN AMERENUE AND
16 THE COOPERATIVE?

17 A. Yes. I was involved in the negotiations of the sale contract and the service areas
18 covered by the First Amendment to the Territorial Agreement as well as the original Territorial
19 Agreement. I also assisted in the preparation and review of the application to the Commission.
20 It will also be my responsibility to see that the Amendment is followed.

21 Q. HAVE YOU ATTACHED A COPY OF THE FIRST AMENDED
22 TERRITORIAL AGREEMENT OR THE CONTRACT TO YOUR TESTIMONY?

1 A. No, I haven't. Larry Merry in his direct testimony attached to his testimony true
2 and correct copies of the Contract for Purchase and Sale of Distribution Facilities as Schedule 1-
3 1, and a true and correct copy of the First Amended Territorial Agreement as Schedule 2-1.

4 Q. WHAT WERE THE CONSIDERATIONS THAT WENT INTO
5 ESTABLISHING THAT AN AMENDMENT TO THE TERRITORIAL AGREEMENT WAS
6 NECESSARY?

7 A. During the negotiations of the original Territorial Agreement, Gascosage offered
8 to purchase or trade customers with AmerenUE in order to make both systems more efficient. At
9 the time, neither party had identified a particular area where this could be done. The First
10 Amendment to the Agreement is now necessary because AmerenUE identified the
11 Brumley/Ulman area as an area that could be used in an exchange with Three Rivers Electric
12 Cooperative, a neighbor of both AmerenUE and Gascosage. As I understand, AmerenUE and
13 Three Rivers were unable to reach an agreement. AmerenUE then approached Gascosage to
14 see if we would be interested in the area.

15 Q. AND WERE YOU?

16 A. After looking at maps of our service facilities we became very interested in the
17 Brumley/Ulman area because we recognized that we could add a substation near Brumley, which
18 would then allow for looped service to the northwest portion of Gascosage's service area, which
19 the Cooperative is currently unable to provide because it is not economic to build the
20 infrastructure to have looped service. The Amendment and exchange will allow the Cooperative
21 to provide better and more reliable service to all of its members.

22 Q. WHAT PUBLIC INTEREST BENEFITS ARE ADVANCED BY THE FIRST
23 AMENDMENT?

1 A. The Amendment will allow Gascosage to serve the area where the customer
2 exchange has been proposed. Currently this area has been designated in the original Territorial
3 Agreement as the exclusive service territory of AmerenUE. If the First Amended Agreement is
4 approved, then the area will be designated as Gascosage's exclusive territory. Since the area is
5 already a part of an existing agreement, the benefits of eliminating and avoiding wasteful
6 duplication and focusing our efforts on efficient use of existing resources, already exists. If the
7 First Amendment is approved Gascosage believes that it can provide better and more reliability
8 of service to all of its members and hopefully this exchange will ultimately lead to lower costs of
9 service and in turn lower rates for their customers.

10 The First Amendment will continue to allow Gascosage to plan, engineer, and make
11 operational decisions for a defined service territory, and our investments will not be driven by
12 competition for new loads.

13 Q. HOW LONG DOES THE FIRST AMENDMENT REMAIN IN EFFECT?

14 A. The Agreement is perpetual, but may be terminated at any time by Agreement of
15 both parties.

16 Q. DO YOU HAVE ANY UNDERSTANDING IF AMERENUE WILL NEED
17 ANY ADDITIONAL CERTIFICATES OF CONVENIENCE AND NECESSITY TO SERVE
18 THE TERRITORY AS SET OUT IN THE FIRST AMENDMENT TO THE TERRITORIAL
19 AGREEMENT?

20 A. I understand that AmerenUE will not need any new Certificates to be issued by
21 the Commission to serve in the area as described in the First Amendment.

22 Q. IS THIS THE BEST AGREEMENT THAT COULD BE REACHED BETWEEN
23 THE PARTIES?

1 A. This First Amendment was the result of lengthy negotiations between the parties
2 with both sides making concessions. We feel the Agreement is fair to both parties and will serve
3 both the Cooperative and AmerenUE well and be a benefit to customers of both Applicants by
4 allowing the Applicants to provide more reliable service.

5 Q. DOES THE FIRST AMENDMENT PROVIDE FOR THE EXCHANGE OF
6 ANY CUSTOMERS OR FACILITIES?

7 A. Yes. As I stated earlier, the area presently served by AmerenUE and covered by
8 the customer exchange agreement, contains approximately 1,200 consumers and 225 miles of
9 electric line that will be transferred to Gascosage. In general, there is approximately 17 miles of
10 34.5 kV sub transmission line and the remainder is distribution lines. The exchange includes all
11 the hardware that makes the electrical system work. AmerenUE will retain their meters,
12 metering equipment, and substation transformer.

13 Q. WHAT RESOURCES DOES THE COOPERATIVE HAVE THAT WILL
14 PERMIT IT TO PROPERLY AND EFFECTIVELY SERVE THE TERRITORY SET ASIDE
15 TO IT IN THE FIRST AMENDMENT TO THE TERRITORIAL AGREEMENT.

16 A. Gascosage services approximately 7,800 consumers with 1,265 miles of electric
17 distribution line. Gascosage has been in business since 1945. The Cooperative presently has 32
18 full time employees along with adequate equipment and main office facilities in Dixon. Three
19 new employees have been hired in anticipation of this agreement being approved by the Missouri
20 Public Service Commission.

21 Q HOW WOULD YOU CHARACTERIZE THE TERRITORY COVERED BY
22 THIS AGREEMENT?

1 A The terrain looks a lot like the area Gascosage currently serves. The average
2 density is about 6 consumers per mile of line. Gascosage currently serves 6.32 consumers per
3 mile of line..

4 Q HOW DO YOU PLAN TO SERVE THE AREA COVERED BY THE FIRST
5 AMENDMENT?

6 A Gascosage hired the consulting engineering firm of Ledbetter, Toth & Associates,
7 Inc. to study and evaluate the area prior to entering into this agreement with AmerenUE. As a
8 result, the engineering firm has presented Gascosage a detailed plan for the integration of
9 AmerenUE facilities into Gascosage's present system to include any updates that will be
10 required.

11 Q PLEASE EXPLAIN SOME OF THE DETAILS OF HOW GASCOSAGE
12 PLANS TO PROVIDE ELECTIC POWER IN THE AREA COVERED BY THE FIRST
13 AMENDMENT.

14 A The Brumley Substation is presently fed from the west on AmerenUE sub
15 transmission 34.5 line. AmerenUE will discontinue providing power in this area as Gascosage's
16 power supplier, Sho-Me Power Electric Cooperative, (Sho-Me) has agreed to bring an alternate
17 transmission source into the Brumley area out of the Montreal Substation which is located
18 southwest of Brumley. Sho-Me has indicated that they have included in their long-range plans
19 plans to loop this by connection the transmissison line into the Iberia Substation to provide greater
20 reliability to Gascosage's northwest service area.

21 Q WILL THIS LOOP BE OF BENEFIT TO GASCOSAGE PRESENT
22 CONSUMERS?

1 A Yes. The Iberia substation is on a radial transmission feed. When Sho-Me
2 completes the connection from Brumley to Iberia, the Iberia and Crocker area will be on part of
3 this transmission loop. By being on the loop the consumers in this area will be provided with
4 more reliable transmission service.

5 Q DO YOU KNOW WHEN THIS LOOP CONNECTION IS TO BE BUILT?

6 A No. Sho-Me has indicated to me that they have put it into their long-range plans,
7 but no timetable was given to me. Sho-Me has indicated that the Brumley substation will be
8 built as soon as possible after the Commission approves the Territorial Agreement.

9 Q WHAT OTHER PLANS DO YOU HAVE FOR THE AREA COVERED BY
10 THE FIRST AMENDMENT?

11 The AmerenUE customers in the north part of the area are fed off of a three-phase line
12 that crosses the Osage River. We are planning the build a three-phase line up from Brumley to
13 north of Ulman and connect with the existing three-phase line. This is estimated to be about 12
14 miles. The AmerenUE line will be disconnected at the river. This should help take care of any
15 voltage problems in the area. Our consulting engineering firm also has determined that
16 Gascosage will need to replace about 700 poles in the area.

17 Q HOW WILL GASCOSAGE SERVE THE PIPELINE IN THE SOUTH?

18 A Sho-Me indicated that they are planning to build a substation in that area where
19 their transmission line intersects the AmerenUE 34.5 line to take care of the pipeline.

20 Q WHAT IS GOING TO HAPPEN TO THE AMERENUE SUB TRANSMISSION
21 LINE FROM BRUMLEY TO THE PIPELINE?

22 A The 34.5 line from Brumley to this new substation will no longer be needed at this
23 voltage. This line will become a 7,200 volt three-phase line. Our consulting firm has looked at

1 our current long-range plan and found that several distribution loop feeds can be provided off the
2 three-phase line giving people in both Crocker and Brumley areas greater reliability.

3 Q WHAT IS THE PROJECTED COST AND SOURCE OF FUNDING FOR THE
4 UPGRADES?

5 A Gascosage is responsible for the distribution facilities. The cost of converting,
6 upgrading and metering of the facilities covered by this amendment has been projected by the
7 consultants to be \$1,444,000. Gascosage has filed for a loan with the federal government to
8 provide the funds along with the use of our own internally generated funds. The transmission
9 and substation facilities are the responsibility of Sho-Me.

10 Q WHAT IS THE RATE IMPACT FOR EXISTING CUSTOMER OF
11 GASCOSAGE?

12 A We do not anticipate any rate increase on the present customers of Gascosage
13 because of the acquisition. The revenues we receive from the area covered by the first
14 amendment should be ample to cover the debt service and other annual costs that will be
15 incurred.

16 Q UNDER THE TERMS OF YOUR TERRITORIAL AGREEMENT, IF
17 GASCOSAGE IS AWARDED THE TERRITORY AS PROPOSED IN THE APPLICATION,
18 IS THERE AN ANTICIPATED TRANSITION PERIOD?

19 A In the agreement we included up to a 365 days after the effective date of the
20 Commission's order approving the agreement to complete the closing. We feel this gives us time
21 to make operational arrangement necessary to a smooth transition. During this time AmerenUE
22 agrees to handle the area as if they own it. AmerenUE will continue to provide maintenance of

1 facilities, connect and disconnect consumers, read the meters, bill the consumers, collect the
2 revenues and handle emergency calls.

3 Q. WHAT DID YOU DO TO NOTIFY YOUR MEMBERS OF THE FIRST
4 AMENDMENT TO THE TERRITORIAL AGREEMENT?

5 A. We sent out a press release the last of September to the Dixon Pilot, Pulaski
6 County Democrat, Richland Mirror, Miller County Autogram Sentential, Daily Guide, Rolla
7 Daily News and Maries County Gazette that announced the agreement. The agreement was also
8 announced by the President of the Board of Directors from the stage at the September 29 annual
9 meeting of our membership. An article will also appear in the November Rural Missouri, which
10 goes to each member of the cooperative.

11 Q WHAT OTHER POWER SUPPLIERS HAVE ELECTRIC DISTRIBUTION
12 FACILITIES IN THE AREA COVERED BY THE FIRST AMENDMENT?

13 A. The other power suppliers in the area are Laclede Electric Cooperative, Lebanon,
14 Missouri and Three Rivers Electric Cooperative, Linn, Missouri.

15 Q. HAVE YOU DISCUSSED THE PROPOSED FIRST AMENDMENT TO THE
16 TERRITORIAL AGREEMENT WITH ANY OF THOSE POWER SUPPLIERS?

17 A. Yes. I have talked to the General Manager of Laclede Electric Cooperative, and
18 the General Manager of Three Rivers Electric Cooperative.

19 Q. HAS ANY PARTY INTERVENED OR OTHERWISE PARTICIPATED IN
20 THIS PROCEEDING.

21 A. Yes.

22 Q. WHAT PARTIES HAVE INTERVENED?

1 A. International Union of Operating Engineers Local 148, AFL-CIO and
2 International Brotherhood of Electrical Workers Local 1455, AFL-CIO.

3 Q. HAVE YOU HAD ANY COMMENTS FROM ANY OF THE CONSUMERS
4 WHO ARE PROPOSED TO BE TRANSFERRED FROM AMERENUE TO GASCOSAGE?

5 A. Yes, several of the affected consumers approached Gascosage to inquire how they
6 could support the transfer. They indicated that they would like to sign a petition. I have attached
7 a copy of the petitions (Schedule 1) that were given to me by some of the affected consumers. I
8 believe 196 consumers have signed these petitions.

9 Q. WHAT DO THE PETITIONS SAY?

10 A. The petitions basically state that the person supports the proposed customer
11 exchange between AmerenUE and Gascosage, and requests the Commission to approve the
12 exchange.

13 Q. DID THE COOPERATIVE TAKE PHONE CALLS OR TALK TO SOME OF
14 THE AFFECTED CONSUMERS?

15 A. Yes, several cooperative employees, including myself, spoke to or took phone
16 calls from some of the affected consumers.

17 Q. WHAT WERE SOME OF THEIR CONCERNS REGARDING THE
18 PROPOSED TRANSFER?

19 A. We received a few questions regarding who was going to read the meters, tree
20 trimming and right-of-way questions, pole replacement, service calls and, of course, rates.

21 Q. WERE YOU ABLE TO ANSWER THE CONSUMERS' QUESTIONS TO
22 THEIR SATISFACTION?

1 A. For the most part, yes. There was one couple who did not support the transfer.
2 This couple told us that they were UE shareholders and that his Dad had retired from UE and that
3 they just didn't want to be transferred to the Cooperative.

4 Q. WHAT IS IT EXACTLY THAT YOU ARE ASKING THE COMMISSION TO
5 DO?

6 A. We are asking the Commission to approve the First Amendment to the Territorial
7 Agreement and Contract for Purchase and Sale of Facilities and authorizing Applicants to
8 perform in accordance with the terms of the First Amendment.

9 Q. ARE YOU ASKING THAT THE COMMISSION APPROVE THE FIRST
10 AMENDMENT TO THE TERRITORIAL AGREEMENT AND CONTRACT FOR
11 PURCHASE AND SALE OF FACILITIES AS PRESENTED?

12 A. Yes.

13 Q. DOES THIS CONCLUDE YOUR DIRECT TESTIMONY.

14 A. Yes, it does.

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

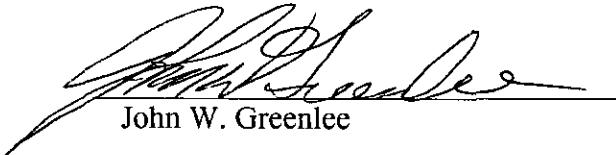

In the matter of the Joint Application of Union)
Electric Company and Gascosage Electric)
Cooperative for an order approving a change in)
electric supplier for certain Union Electric)
Company customers for reasons in the public)
