Adjust the Fuel Adjustment Clause Rate of)	<u>File No. EO-2010-0002</u>
KCP&L Greater Missouri Operations Company.)	Tariff No. JE-2010-0003

ORDER DIRECTING FILING

Issue Date: July 31, 2009

Effective Date: July 31, 2009

On July 1, 2009, KCP&L Greater Missouri Operations Company (GMO) filed a tariff to adjust the rate it recovers under the fuel adjustment clause approved by the Commission in GMO's rate case, ER-2007-0004. The Commission published notice of the tariff filing on July 2, 2009. On July 15, 2009, the Staff of the Commission filed a motion to consolidate this case with Case No. EO-2009-0341, GMO's application containing its annual fuel adjustment clause true-up. Staff stated that because of the commonality of the interest and off-system sales margin issues in the two cases, Staff proposed that they be consolidated for purposes of those issues. That motion is pending.

On July 16, 2009, Staff filed a revised recommendation in EO-2009-0431 which withdrew a proposed adjustment and indicated its agreement with GMO's proposed true-up. The Commission issued an order on July 29, 2009, approving GMO's annual fuel adjustment clause true-up.

The motion to consolidate EO-2010-0002 with EO-2009-0431 appears to now be moot. The Commission will direct the parties to update the Commission on the status of EO-2010-0002.

THE COMMISSION ORDERS THAT:

1. The parties shall file a status update no later than August 7, 2009.
2. This order shall become effective upon issuance.
