## SECOND CUSTOMER NOTICE

Book: Account:

## Dear Customer:

On September 11, 2008, Raytown Water Company (Company) submitted a request for an increase in its annual water operating revenues to the Missouri Public Service Commission (Commission), under the provisions of the Commission's small utility rate case procedure. By its request, the Company was seeking changes to its customer rates intended to generate an increase in its annual water operating revenues of \$405,402.

As a result of the Company's request, the Staff of the Public Service Commission (Commission Staff) conducted an independent audit of the Company's books and records, and an investigation of the Company's business and system operations. Based upon the results of its audit and investigation, the Commission Staff has concluded that an increase of \$317,990 in the Company's annual water operating revenues are warranted, that changes to and the addition of certain service charges are warranted, that changes to the service connection fees are warranted, that changes in the manner the Company's rates are designed are warranted, and that certain changes to the Company's system operations and business operations are warranted. The Company has agreed with the Commission Staff's audit findings and conclusions, and has entered into an agreement with the Commission Staff to implement those findings and conclusions. Set out at the end of this notice is a table that summarizes the proposed revisions to the Company's rates and charges, and that includes a monthly bill comparison for a residential customer using 6,000 gallons of water.

The Office of the Public Counsel (OPC), a state agency responsible for representing the interests of utility consumers before the Commission, has reviewed the results of the Commission Staff's investigation and the related Company/Staff agreement. However, the OPC has not yet taken a final position regarding those results or the provisions of the agreement.

Any customer that has comments about the proposed revisions to the Company's rates and charges, or that has comments regarding recent service-related problems, should contact the Commission Staff and/or the OPC within 20 days of the date of this notice. To do so, please use the mailing addresses, telephone numbers, fax numbers or e-mail addresses shown below. You may also submit comments via the Commission's Website by following the instructions in the following paragraph. Regardless of how you submit your comments, please include a reference to Case No. WR-2009-2008
