SUBJECT: Staff Recommendation for **Approval** of Tariff Sheet Filed To Comply With The
Commission's Order Granting Variance And Directing Filing (Order), Issued
November 17, 2005

DATE: January 5, 2006

On December 16, 2005, Union Electric Company (UE or Company) of St. Louis, Missouri, filed with the Commission one (1) tariff sheet with a proposed effective date of January 16, 2006 designed to comply with the Commission's Order. The Order directed that Company "shall file tariff sheets that list all of the variances that the Commission granted in this order no later than December 17, 2005." The Order granted variances from the Non-Standard Service and Rent Inclusion requirements for service to Kingsbury Terrace Apartments.

The proposed tariff sheet lists the Case Number and Project of Customer, as has been Company's practice. It does not separately list the variance granted from the provisions of Subpart II. K. of Schedule 5, 6th Revised Sheet No. 144 and the variance granted from the provisions of Subpart V. L. of Schedule 5, 3rd Revised Sheet No. 174. The Staff believes that listing the case number provides sufficient reference to the Commission's Order to determine the specific variances granted and is consistent with the format of the current tariff sheet.

The Missouri Public Service Commission Energy Department Staff (Staff) has reviewed the filed tariff sheet, and is of the opinion that it was filed in a timely manner and is in sufficient compliance with the Commission's Order. Staff therefore recommends that the Commission issue an order approving the following proposed tariff sheet, as filed on December 16, 2005, to become effective on January 16, 2006, as requested in UE's cover letter:

MO.P.S.C. SCHEDULE No. 5

9th Revised SHEET NO. 203 cancelling 8th Revised SHEET NO. 203

The Staff is unaware of any matter before the Commission that affects or is affected by this tariff filing, the Staff has verified that Union Electric Company has filed its annual report and the Staff has verified that Union Electric Company is not delinquent on any assessment. The following electric cases involving UE are also before the Commission at this time:
