RE: In the Matter of an Investigation into the Tree Trimming Policies of Union
Electric Company d/b/a AmerenUE, Case No. EW-2004-0583

Dear Mr. Henderson:

Enclosed is AmerenUE's third quarter 2008 vegetation management report for AmerenUE distribution lines in Missouri. On both worksheets, under the first, second and third quarter, the number at the bottom of the column in bold, is the actual line miles completed between 12/31/07 and 09/27/08.

For 2008, AmerenUE has 4,325 distribution line miles scheduled under performance management with our vendors. As of 09/27/08, 3116 distribution miles have been completed or 72%.

Finally, AmerenUE notes that it expects to be on cycle (four/six year cycle) on or before the end of 2008, as it had previously committed to do.

Sincerely,

A handwritten signature in black ink, appearing to read "Wendy Tatrow", is written over a horizontal line.
