In the Matter of the Third Prudence Review of Costs Subject to the Commission-Approved Fuel Adjustment Clause of Evergy Metro, Inc. d/b/a Evergy Missouri Metro)) File No. EO-2020-0263

ORDER GRANTING APPLICATIONS TO INTERVENE

Issue Date: April 1, 2020 Effective Date: April 1, 2020

On March 2, 2020, Staff notified the Commission that it had begun its third fuel adjustment clause (FAC) prudence review for Evergy Metro, Inc. d/b/a Evergy Missouri Metro (Evergy Metro), f/k/a Kansas City Power & Light Company, and Evergy Missouri West, Inc. d/b/a Evergy Missouri West (Evergy West), f/k/a KCP&L Greater Missouri Operations Company. On March 17, 2020, Sierra Club filed applications to intervene.

Sierra Club states that it has an interest in promoting cleaner and lower cost forms of energy and has participated in other Commission cases relevant to Evergy Metro's and Evergy West's integrated resource plans. More than ten days have passed since the applications were filed and no one has responded. After considering the unopposed applications to intervene, the Commission finds that Sierra Club has an interest which is different from that of the general public and allowing Sierra Club to intervene will serve the public interest. Therefore, in accordance with Commission Rule 20 CSR 4240-2.075(3), the Commission will grant the applications to intervene.

THE COMMISSION ORDERS THAT:

- 1. The applications to intervene of Sierra Club are granted.
- 2. This order shall be effective when issued.

BY THE COMMISSION

Morris L. Woodruff Secretary

Nancy Dippell, Senior Regulatory Law Judge, by delegation of authority pursuant to Section 386.240, RSMo 2016.

Dated at Jefferson City, Missouri, on this 1st day of April, 2020.
