

July 1,2003

Dear Judge Dippell,

Mentioned in the agenda meeting on Tuesday, July 1st was the legislation surrounding case EO2002-351. I have attached a copy of a letter I received from Catherine Hanaway. I thought it might be of interest to you. Ms. Hanaway is just one of many of the lawmakers I have been in contact with during this past legislative session. However this is the most recent letter and of great importance regarding an interim committee to study the issue of the abuse of eminent domain. Which as you know many of the landowners along this line will face should Ameren UE be granted this certificate.

Thank you for your time concerning this matter.

Sincerely,
