2. If a Data Request has been responded to, a copy of such response shall be provided to another requesting Party, unless the responding Party objects to providing the response to such requesting Party. All Parties shall submit their responses to Staff-issued Data Requests in the Commission's Electronic Filing Information System (EFIS). If submission of responses to Staff-Issued Data Requests in EFIS is infeasible, then Parties shall submit these responses in electronic format, on compact disk, or by other means agreed to by Staff counsel. If a Data Request has not yet been responded to, a copy of such response shall be provided to a requesting Party within the response time set for such underlying Data Request, unless the responding Party objects to providing the response to such requesting Party.

3. All Parties shall provide copies of testimony, exhibits, and pleadings to other counsel of record by electronic means and in electronic form, essentially contemporaneously with the filing of such testimony, exhibits, or pleadings where the information is available in electronic format (.PDF, .DOC, .WPD, or .XLS). Parties are not required to put information that does not exist in electronic format into electronic format for purposes of exchanging it.

4. The Parties shall make an effort to not include highly confidential or proprietary information in Data Request questions. If highly confidential or proprietary information must be included in Data Request questions, the highly confidential or proprietary information shall be appropriately designated as such pursuant to Commission Rule 4 CSR 240-2.135.

5. Each Party serving a Data Request on another Party shall provide an electronic copy of the text of the "description" of that Data Request to counsel for all other Parties contemporaneously with service of the Data Request. Regarding Staff-issued Data Requests, if the description contains highly confidential or proprietary information, or is voluminous, a hyperlink to the EFIS record of that Data Request shall be considered a sufficient copy. Data Requests served after 5:00p.m. shall be considered served on the next business day. If a Party desires a copy of the response to a Data Request that has been served on another Party, the Party desiring a copy shall request a copy of the response from the responding Party. Data Requests, objections to Data Requests and notifications respecting the need for additional time to respond to Data Requests shall be sent by e-mail to counsel for all Parties. Counsel may designate other personnel to be added to the service list for Data Requests, but

shall assume responsibility for compliance with any restrictions on confidentiality. Data Request responses will be served on counsel for the requesting party and on the requesting Party's employee or representative who submitted the Data Request, and shall be served electronically, if feasible and not voluminous as defined by Commission rule.

6. Workpapers that were prepared in the course of developing a witness' direct, rebuttal, or surrebuttal testimony shall not be filed with the Commission, but, without request, shall be submitted to each Party within one calendar day after the particular testimony is filed. Workpapers, or a complete set of workpapers, need not be submitted to a Party that has indicated it does not want to receive workpapers, or a complete set of workpapers. If there are no workpapers associated with testimony, the Party's attorney shall so notify the other Parties within the time allowed for providing workpapers. Workpapers containing highly confidential or proprietary information shall be appropriately marked.

7. Where workpapers or Data Request responses include models, spreadsheets, or similar information originally in a commonly available format where inputs or parameters may be changed to observe changes in inputs or outputs, the Party providing the workpapers or responses shall provide such information in original format with formulas intact, if available.

WHEREFORE, the Staff on behalf of the Parties in File No. EO-2014-0189, files the instant Joint Proposed Procedural Schedule And Procedures, and request that the Commission adopt the proposed procedural schedule and procedures contained herein.

Respectfully submitted,

/s/Alexander Antal
