In the Matter of KCP&L Greater Missouri Operations)
Company Submission of its 2013 RES Compliance Plan) **File No. EO-2013-0505**

**NOTICE REGARDING KCP&L GREATER MISSOURI
OPERATIONS COMPANY’S 2013 RES COMPLIANCE PLAN AND REPORT**

Issue Date: August 21, 2013

On May 28, 2013, KCP&L Greater Missouri Operations Company (“GMO”) filed its Renewable Energy Standard Compliance Report for 2013, as it was required to do by Commission Rule 4 CSR 240-20.100(7). The Commission’s rule requires the Staff of the Commission to review the utility’s compliance report and plan and to file a report about its review within 45 days.¹

Staff complied with that requirement by filing a report on July 12. Staff stated that KCP&L has met the minimum requirements for the plan, except for calculating the RES retail rate impact.

The Commission’s rule also allows Public Counsel and other interested persons or entities to file comments regarding GMO’s plan.² Brightergy, LLC, and the Missouri Department of Natural Resources (MDNR) filed such comments on July 12 and 30, respectively, which shared Staff’s concern about KCP&L’s calculation of the RES retail rate impact.

¹ 4 CSR 240-20.100(7)(D).

² 4 CSR 240-20.100(7)(E).

The Commission's regulation does not specify what, if any, action the Commission is to take regarding GMO's RES compliance report and plan and any alleged deficiencies in that report and plan, except to allow the Commission to "establish a procedural schedule if necessary".³ After considering the submitted comments, the Commission concludes that no further order from the Commission is appropriate at this time.

If the organizations that submitted comments, or anyone else, want to further pursue their contention that GMO has failed to comply with the requirements of the renewable energy statute or the Commission's implementing regulations, they may do so by filing a complaint pursuant to Section 4 CSR 240-20.100(8)(A) and the statutes and regulations governing complaints before the Commission.
