In the Matter of KCP&L Greater Missouri Operations                    )  
Company Submission of its 2013 RES Compliance Plan                )     **File No. EO-2013-0505**

## **ORDER GRANTING APPLICATIONS TO INTERVENE**

Issue Date: July 8, 2013

Effective Date: July 8, 2013

On May 28, 2013, KCP&L Greater Missouri Operations Company (“GMO”) filed its 2013 Annual Renewable Energy Standard Compliance Plan and Report pursuant to Commission Rule 4 CSR 240-20.100. On June 26, the Missouri Solar Energy Industries Association (“MOSEIA”) filed an application to intervene. The Missouri Department of Natural Resources (“DNR”) also filed an application to intervene on June 27.

MOSEIA pleads that as an industry trade organization representing solar industry stakeholders it has an interest different from that of the general public that may be adversely affected by a final order in this file. DNR states that it is tasked with certifying renewable energy resources and therefore it also has an interest different from that of the general public that may be adversely affected by a final order in this file.

Commission Rule 4 CSR 240-2.080(15) allows parties ten days to respond to motions. No party objected to the applications. Therefore, the Commission will take them up unopposed.

Commission Rule 4 CSR 240-2.075(4) allows the Commission to grant intervention to a person who has an interest different from that of the general public and which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. Upon review of the unopposed applications, the Commission

finds that MOSEIA and DNR meet the standard in Commission Rule 4 CSR 240-2.075(4).  
Therefore, the Commission will grant the applications to intervene.

**THE COMMISSION ORDERS THAT:**

1. The applications to intervene filed by The Missouri Solar Energy Industries Association and the Missouri Department of Natural Resources are granted.
2. This order shall become effective upon issuance.
