Question No. : 0357

Please provide a list of all contacts with State, Federal, and Other Regulators made by, or on behalf of, GPE or all or any member of its Board of Directors to decide to acquire and the price to be paid for Aquila. For each contact listed, please identify who made the contact, provide the name of person(s) contacted, the person's title, the date of the contact, the information provided to and/or by the contacted person(s), and a copy of any documents provided or received at or as a result of the contact, or generated as a result of the contact (e.g., notes, memoranda, correspondence, and e-mail).

Response:

"State, Federal, and Other Regulators" is interpreted to refer to commissioners. The decision to acquire Aquila was made by Great Plains Energy's Board of Directors at a meeting held on February 6, 2007, when it authorized the execution and delivery of the transaction documents. As part of Great Plains Energy's due diligence in preparation for that meeting, Michael Chesser, Bill Downey and Chris Giles met with individual Missouri Public Service Commission and Kansas Corporation Commission commissioners on January 17, 2007, to inform them of ongoing negotiations to acquire Aquila.

Staff is referred to the minutes of the Board's Special Committee meeting on February 1, 2007, which was included in the copies of minutes furnished to Staff. Due to their confidential nature, a copy of the minutes is not furnished with this answer.
