

**STATE OF MISSOURI
PUBLIC SERVICE COMMISSION**

At a session of the Public Service Commission held at its office in Jefferson City on the 1st day of October, 2014.

In the Matter of Union Electric Company d/b/a)
Ameren Missouri's Filing to Implement Regulatory) **File No. EO-2012-0142**
Changes in Furtherance of Energy Efficiency)
as Allowed by MEEIA)

**ORDER APPROVING STIPULATION AND AGREEMENT REGARDING
T-12 REPLACEMENT MEASURES**

Issue Date: October 1, 2014

Effective Date: October 11, 2014

This order concerns Union Electric Company, d/b/a Ameren Missouri's implementation of its Missouri Energy Efficiency Investment Act (MEEIA) programs. One aspect of those programs establishes efficiency standards for commercial lighting systems. The plan as approved in 2012 excludes all measures with T-12 as a baseline from its portfolio. At that time it was assumed that federal regulations would prohibit the manufacture of new T-12 linear fluorescent lighting systems, so T-8 lighting systems were established as the baseline for measuring efficiency gains.

T-12 systems are no longer manufactured, but they remain in inventory and are commercially available. As a result, T-12 systems remain in use and Ameren Missouri, and its business programs contractor, Lockheed Martin, have determined that cost-effective savings can be obtained by offering an incentive for a measure using T-12 as the baseline, for a period not exceeding six months.

On September 23, Ameren Missouri, the Commission's Staff, the Department of Economic Development – Division of Energy, and the Office of the Public Counsel filed a non-unanimous stipulation and agreement that would allow Ameren Missouri to offer a measure as part of its Commercial and Industrial Custom Incentive Program using T-12 as the baseline for claiming savings for early retirement of existing T-12 systems. The measure would be in effect beginning October 15, 2014, and ending April 15, 2015. The stipulation and agreement was signed only by the filing parties, but no other party objected within seven days of its filing. Therefore, pursuant to Commission rule 4 CSR 240-2.115, the Commission will treat the stipulation and agreement as unanimous.

Having considered the stipulation and agreement filed on September 23, the Commission determines that the stipulation and agreement should be approved.

Because there is no remaining controversy among the parties and because this order needs to take effect promptly, the Commission will make this order effective in ten days.

THE COMMISSION ORDERS THAT:

1. The Stipulation and Agreement filed on September 23, 2014, is approved.
2. The signatories to the Stipulation and Agreement shall comply with the terms of the Stipulation and Agreement.
3. The Stipulation and Agreement is incorporated into this order, and is attached as Attachment A.

4. This order shall become effective on October 11, 2014.

BY THE COMMISSION
