File No. EO-2015-0265

NOTICE REGARDING 2015 RES COMPLIANCE PLAN AND REPORT

Issue Date: August 5, 2015

On April 22, 2015, Kansas City Power & Light Company ("KCP&L") filed its Renewable Energy Standard Compliance Plan for 2015 ("Plan"), as it was required to do by Commission Rule 4 CSR 240-20.100(7). The Commission's rule requires the Staff of the Commission to review the utility's compliance report and plan and to file a report about its review within 45 days.¹

Staff filed a report on the Plan on June 5. Staff reported no deficiencies in the Plan.

The Commission's rule also allows Public Counsel and other interested persons or entities to file comments regarding KCP&L's Plan.² The Division of Energy stated that while KCP&L's calculation of Retail Rate Impact appears to meet Commission standards, the calculation does not necessarily mean that the model used is either statistically or mathematically valid.

The Commission's regulation does not specify what, if any, action the Commission is to take regarding KCP&L's Plan and any alleged deficiencies in that report and plan, except

¹ 4 CSR 240-20.100(7)(D).

² 4 CSR 240-20.100(7)(E).

to allow the Commission to “establish a procedural schedule if necessary”.³ After considering the submitted comments, the Commission concludes that no further order from the Commission is appropriate at this time.

If the organizations that submitted comments, or anyone else, want to further pursue their contention that KCP&L has failed to comply with the requirements of the renewable energy statute or the Commission’s implementing regulations, they may do so by filing a complaint pursuant to Commission Rule 4 CSR 240-20.100(8)(A) and the statutes and regulations governing complaints before the Commission.
