**NOTICE REGARDING 2018 RES COMPLIANCE PLAN**

Issue Date: June 20, 2018

On April 13, 2018, KCP&L Greater Missouri Operations Company ("GMO") filed its Renewable Energy Standard Compliance Plan for 2018 ("Plan"), as it was required to do by Commission Rule 4 CSR 240-20.100(8). The Commission's rule requires the Staff of the Commission to review the utility's compliance report and plan and to file a report about its review within 45 days.<sup>1</sup>

Staff filed a report on the Plan on May 29, 2018. Staff reported no deficiencies in the Plan.

The Commission's rule also allows Public Counsel and other interested persons or entities to file comments regarding GMO's Plan.<sup>2</sup> The Division of Energy stated that the recent passage of Senate Bill 564 may warrant altering methods of compliance and revisions to the Plan. GMO responded on June 8, 2018, stating that Senate Bill 564 does not change the requirements of the Commission's rules or the enabling statutes that require the Plan. No other comments were filed.

<sup>1</sup> 4 CSR 240-20.100(8)(D).

<sup>2</sup> 4 CSR 240-20.100(8)(E).

The Commission's regulation does not specify what, if any, action the Commission is to take regarding GMO's Plan and any alleged deficiencies in that report and plan, except to allow the Commission to direct the utility to provide additional information or to address any concerns or deficiencies identified in the comments.<sup>3</sup> After considering the submitted comments, the Commission concludes that no further order from the Commission is appropriate at this time.
