ORDER AND NOTICE

Issue Date: June 11, 2010

Effective Date: June 11, 2010

On June 4, 2010, Kansas City Power & Light Company submitted to the Commission proposed tariff sheets intended to implement a general rate increase for electrical service provided in its Missouri service area. The proposed tariff sheets bear a requested effective date of May 4, 2011.

According to KCPL's the application, the tariff sheets are designed to produce an annual increase of \$92.1 million in KCPL's Missouri jurisdictional revenues, which would be a 13.78 percent increase. The press release attached to the application stated that a typical Missouri residential customer would see a less than \$15 per month increase in charges. Together with its proposed tariff sheets and other minimum filing requirements, KCPL also filed prepared direct testimony in support of its requested rate increase.

The Commission will schedule the hearing dates in this order. By establishing the hearing dates now, the Commission will ensure that this matter is heard as expeditiously as possible. Additionally, the early establishment of the hearing dates will allow ample time for notice to be sent to customers. The Commission will also set an early prehearing conference and require the parties to file a proposed procedural schedule with

additional filing dates for testimony, a second prehearing conference, local public hearings, the statement of issues and position papers of the parties, and the reconciliation. The Staff of the Missouri Public Service Commission shall have primary responsibility for the proposed procedural schedule. Staff should coordinate the proposed schedule with KCPL, the Office of the Public Counsel, and any intervenors, where possible.

The Commission finds that proper persons should be allowed 20 days from the issuance of this order to file a motion for leave to intervene. The Commission notes that in Case No. EO-2005-0329, KCPL agreed that the other signatories to the stipulation could intervene. The Commission therefore names each of the non-KCPL signatory parties from Case No. EO-2005-0329 as intervenors.

The Commission further notes that the Sierra Club and Concerned Citizens of Platte County were parties to Case No. EO-2005-0329, but not signatories to the stipulation. The Commission's Data Center shall serve a copy of this order upon the Sierra Club and Concerned Citizens of Platte County to give them notice and an opportunity to request intervention.

Furthermore, the Commission's Data Center shall serve a copy of this order upon the county commission of each county in KCPL's Missouri service area. In addition, the Commission's Public Information Office shall make notice of this order available to the media serving KCPL's Missouri service area and to the members of the Missouri General Assembly representing the residents of KCPL's service area.
