**STAFF RECOMMENDATION**

**COMES NOW** the Staff of the Missouri Public Service Commission (Staff) and for its *Recommendation* states:

1. On June 20, 2018, the Commission granted registration for service authority to provide interconnected voice over internet protocol (iVoIP) service in Case No. DA-2018-0361, to Power On Technologies, Inc.

2. On December 13, 2019, the Company notified the Commission that it no longer wished to retain its registration to provide iVoIP services in Missouri due to the cessation of its business on September 30, 2019.

3. Pursuant to 20 CSR 4240-28.011(3) notice shall be provided to the Commission to cancel certification(s) or registration(s) previously granted by the Commission. Notice should comply with the following requirements: (A) The company should submit written notice to the commission, as in a letter, containing the following information: (1) a statement requesting cancellation of a company's certification or registration and citing the specific certificates of service authority and/or registrations; (2) If the company also has a currently effective tariff, then the letter should also request cancellation of the tariff; (B) The letter can be signed by a company official and does not need to be signed or filed by an attorney; and (C) The letter should be electronically filed in EFIS.

4. The company properly submitted a letter to the Commission, filed in the Commission's Electronic Filing and Information System (EFIS), bearing a request for cancellation of its authority to provide IVolP services in Missouri and signed by a designee of the company in accordance with the Commission Rule. The Company does not have a currently effective tariff. The Company indicates that it has no current customers so there will be no financial impact should the Commission cancel its registration.
