MPS RFP Proposal
Rev. 3.0.doc ...

here is the latest offer from Calpine which needs to be evaluated by the end of the day on Thursday. Lets review the key assumptions before we make any runs to be sure we are all in agreement with what is being offered. We also are expecting an update from SPS today or early tomorrow. We have to make a decision by the end of the week, so keep time available to review and discuss. Our plan is to sign an MOU with one of these parties before the SPS redirect transmission accepted by SPP expires on Tuesday afternoon June 22.

Mike

Subject: Revised Proposal from Calpine

Hi Mike,

I hope all is well with you. Attached is Calpine's revised proposal taking into account all the items we discussed our meeting.

Due to necessary approvals internal and external, let's discuss the proposal as soon as possible. If you have any questions, don't hesitate to call.

I look forward to finalizing the term sheet and converting to an MOU that meets the needs of Aquila.

Thanks Mike,

Kurtz Stowers
