

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of an Incident at	)	
St. Joseph Light & Power Company's	)	Case No. ES-2001-28
Lake Road Power Plant on	)	
June 7, 2000	)	

**NOTICE**

COMES NOW Aquila, Inc. ("Aquila"), by counsel, and for its Notice states as follows to the Missouri Public Service Commission ("Commission"):

1. By its Order issued in the captioned-matter on March 1, 2001, the Commission ordered UtiliCorp United Inc., now Aquila, Inc., to undertake certain activities. Aquila has fully complied with that Order.

2. In addition and in connection with the subject matter of this case, pursuant to an agreement with the Commission Staff ("Staff") Aquila has provided to the Staff, on an annual basis, certain written information in the form of a report regarding the review of all critical control systems used at each of Aquila's power plants. This report has customarily been submitted to the Commission's Electric Department, Engineering Section, in March of each year.

3. The 2006 report is to address more units than the prior reports and is to be the final report of this series. Because of the extra work to be performed, as well as other demands on the critical personnel, the 2006 report will not be available until May, 2006.

4. A representative of Aquila has discussed these circumstances with a representative of the Commission's Energy Department, Engineering Analysis Section, and Aquila understands that the timing of the submission of the 2006 report is

acceptable. Accordingly, Aquila is filing this Notice in this docket simply to document the circumstances surrounding this matter and the reason for the timing of the submission of the subject 2006 report.

Respectfully submitted,

Dean L. Cooper MBE#36592
