Commission held by telephone
and internet audio conference on
the 16th day of December, 2020.

In the Matter of the Adjustment of Union)	
Electric Company d/b/a Ameren Missouri's)	<u>File No. ER-2021-0090</u>
RESRAM Rate for the Second)	Tariff No. YE-2021-0086
Accumulation Period)	

ORDER APPROVING RESRAM TARIFF FILING

Issue Date: December 16, 2020

Effective Date: February 1, 2021

On September 29, 2020, Union Electric Company d/b/a Ameren Missouri filed a revised tariff sheet and supporting testimony to adjust charges related to the company's approved Renewable Energy Standard Rate Adjustment Mechanism (RESRAM). The revised tariff sheet, which was corrected with a substitute filing on November 2, 2020, bears an effective date of February 1, 2021. The Commission directed notice, set an intervention deadline, and ordered its Staff to file a recommendation.

On November 25, 2020, Staff recommended the Commission either allow the substitute revised tariff sheet to take effect on February 1, 2021, or issue an order approving the substitute revised tariff effective February 1, 2021. Ameren Missouri's total RESRAM expense balance as of July 31, 2020, was \$4,076,407, which includes \$2,876,772 in solar rebate payments authorized under Section 393.1670 RSMo. The annual RESRAM Revenue Requirement going forward is \$4,076,407. Total RESRAM recoveries from February 1, 2021 through July 31, 2022 are \$5,111,561. This amount includes the going forward revenue requirement of \$4,076,407, a true-up amount of

\$542,350 and an under recovery of RESRAM expenses over the accumulation period of \$492,803.

Staff's report and Ameren Missouri's substitute tariff filing indicates the tariff will decrease the RESRAM rate from \$0.00044 per kWh to \$0.00017 per kWh. For a customer using 1,000 kWh per month, a RESRAM rate of \$0.00017 will result in a decrease of \$0.27 per month. Staff reports application of the rate will not exceed the annual cap required by Section 393.1655, RSMo. The Commission has received no other responses to Ameren Missouri's filings in this case or to Staff's recommendation.¹

On the basis of Staff's examination of Ameren Missouri's uncontested proposed substitute revised tariff sheet, the Commission finds the substitute revised tariff sheet conforms to Commission Rule 20 CSR 4240-20.100. The Commission concludes that the proposed RESRAM adjustment tariff should be approved to become effective on February 1, 2021.

THE COMMISSION ORDERS THAT:

1. The following substitute revised tariff sheet, filed by Ameren Missouri and assigned Tariff No. YE-2021-0086, is approved and shall be effective on February 1, 2021:

P.S.C. MO. No. 6

3rd Revised Sheet No. 93.4, canceling 2nd Revised Sheet No. 93.4

2. This order shall be effective on February 1, 2021.

¹ Commission Rule 20 CSR 4240-2.080(13) allows parties 10 days to respond to pleadings unless otherwise ordered by the Commission.

3. This file shall close on February 2, 2021.
