Michael,

Please find attached comments from Decent Energy.

Thank you for all of your hard work. Please let me know if you have any questions on these recommended changes or comments.

Best regards,

Barry

One of the participants has requested a copy of the Chapter 20 rule showing the changes from the previous versions. I have attached a marked-up copy to this e-mail. This copy shows the changes from Revision 6 (discussed at last workshop) to the current version, Revision 11.

If you have any questions, please contact me.
