## ORDER GRANTING APPLICATIONS TO INTERVENE

Issue Date: April 13, 2021

Effective Date: April 13, 2021

Union Electric Company d/b/a Ameren Missouri filed a tariff on March 31, 2021, to increase its rates for electric service. The Midwest Energy Consumers Group (MECG) and Missouri Industrial Energy Consumers (MIEC) filed separate applications to intervene on April 2, 2021. More than ten days have passed since MECG and MIEC applied to intervene and no party has responded to either application.<sup>1</sup>

Commission Rule 20 CSR 4240-2.075(3) provides that the Commission may grant a motion to intervene if it finds that the proposed intervenor has an interest that differs from that of the general public and that may be adversely affected by the final order arising from the case, or if granting the proposed intervention would serve the public interest. The Commission finds that allowing MECG and MIEC to participate in this rate case will serve the public interest. The Commission will grant both applications to intervene.

### **THE COMMISSION ORDERS THAT:**

1. The Application to Intervene of MECG is granted.
2. The Application to Intervene of MIEC is granted.

---

<sup>1</sup> Commission Rule 20 CSR 4240-2.080(13) allows parties ten days to respond to any pleading unless otherwise ordered by the Commission.

3. This order shall be effective when issued.
