RE: Docket ER – 2010 – 0355 and ER – 2010 – 0356, Robert Wagner's petition

Dear Mr. Clayton:

I believe our community should not be restricted to only be able to utilize all night, high wattage outdoor lighting. I would like to have a full range of choices for outdoor lighting to fit our community's various needs that may change over time.

As adaptive lightning technologies such as part-night lighting become more readily available, I would like to have the opportunity to analyze their advantages and drawbacks with other interested parties so our community can make our own determination as to whether or not they fit into our traffic safety needs.

I am sending this letter to support Robert Wagner's petition in KCP&L Rate Case ER – 2010 – 0355 and KCP&L Greater Missouri Operations Rate Case ER – 2010 – 0356.

Sincerely,

John A. Sharp
