

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of KCP&L Great Missouri Operations)
Company’s Submission of its 2013 Renewable)
Energy Standard Compliance Report)
File No. EO-2014-0290

ORDER DIRECTING FILING

Issue Date: June 30, 2014

Effective Date: June 30, 2014

On April 15, 2014, KCP&L Greater Missouri Operations Company (“GMO”) filed with the Missouri Public Service Commission (“Commission”) its 2013 Annual Renewable Energy Standard Compliance Report pursuant to Commission Rule 4 CSR 240-20.100.

The Commission granted limited intervention to Ag Processing, Inc., a cooperative, (“Ag Processing”) and the Missouri Solar Energy Industries Association (“MOSEIA”). On June 27, 2014, Ag Processing filed motions to compel responses to data requests that it had issued to MOSEIA and GMO. Ag Processing alleges in its motions that MOSEIA and GMO failed to timely respond to the data requests by providing either an answer or an objection. In its order granting intervention, the Commission limited that intervention to accessing the highly confidential versions of the renewable energy standard report. Commission Rule 4 CSR 240-20.100(7)(E) permits “any interested persons or entities” to file comments, which does not require intervention. The Commission noted, however, that access to the highly confidential version of the report would be likely to improve the quality of those comments, so limited intervention was granted in order to access that version.

Resolving the matter of Ag Processing’s motion to compel involves a determination of Ag Processing’s authority to act under its limited intervention status, including the

authority to issue discovery. Since the Commission has only recently granted limited intervention in such non-contested cases, the Commission will provide an opportunity for interested persons to comment on the issue of the extent of an intervenor's authority to act upon the granting of limited intervention.

THE COMMISSION ORDERS THAT:

1. Any party that wishes to respond to the motions to compel filed by Ag Processing, Inc. or comment on the extent of an intervenor's authority to act upon the granting of limited intervention shall do so no later than July 10, 2014.
2. This order shall become effective immediately upon issuance.

BY THE COMMISSION

A handwritten signature in black ink that reads "Morris L. Woodruff".
