Notes:

- During the site study phase, this area was reviewed, but did not make short list.
- The transmission is 69KV.
- The fuel piping capacity is undetermined.
- The size of the property is desirable (160 acres).
- Water is on the site. The water tower is adjacent to the site.
- Chris Rogers and I viewed the property yesterday. The layout is desirable.
- The City has indicated that they would support site development efforts.
