Case No. EE-2006-0524

**ELECTRIC METER VARIANCE COMMITTEE NOTICE**

COMES NOW the Electric Meter Variance Committee of the Missouri Public Service Commission (Committee) and states:

1. On June 28, 2006, in response to Union Electric Company's application, the Commission ordered the Electric Meter Variance Committee of the Missouri Public Service Commission to file its recommendation on Union Electric Company's application by no later than July 28, 2006.

2. However, on July 19, 2006, due to Union Electric Company's failure to remedy deficiencies in its application the Commission noted in its June 28, 2006 order, the Commission issued a new order in which it stated, "Consequently, no further action will be taken in this case until AmerenUE brings its application into compliance with all Commission Rules."

3. Being out of compliance with the Commission's Rules, the Committee could not render a favorable recommendation on the original application.

4. The Committee anticipates Union Electric Company will file an amended application shortly curing the noted deficiencies and providing more information than that contained in the original application.

5. The Committee plans to act promptly on such an amended application.

WHEREFORE, the Electric Meter Variance Committee notifies the Commission that, in light of the Commission's July 19, 2006 order, the Committee is not filing its recommendation on Union Electric Company's application by no later than July 28, 2006 as ordered by the Commission on June 28, 2006.

Respectfully submitted,
