ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: August 22, 2014

Effective Date: August 22, 2014

On August 19, 2014, Missouri Industrial Energy Consumers (“MIEC”) filed a timely application to intervene in this matter. On August 20th, the Commission issued an order setting an August 21st deadline for parties to file objections to MIEC’s application to intervene. No objections to MIEC’s application were received.

Commission Rule 4 CSR 240-2.075(3) authorizes the Commission to grant an application to intervene if the party has an interest different from that of the general public which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. MIEC represents large industrial consumers. MIEC has an interest in Union Electric Company d/b/a Ameren Missouri’s request for an extension to file required nuclear plant decommissioning trust fund cost studies.¹ MIEC’s interests may be adversely impacted by a final order in this matter. Furthermore, MIEC’s intervention may serve the public interest.

¹ The cost studies are required under Commission Rule 4 CSR 240-3.185(3).

Upon review of the unopposed application, the Commission finds MIEC meets the standards set in Commission Rule 4 CSR 240-2.075(3). Therefore, the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The Missouri Industrial Energy Consumers' application to intervene is granted.
2. This order shall become effective immediately upon issuance.
