On January 29, 2013, the Commission received the applications with tariff sheets. On February 13, 2013, the Commission's staff ("Staff") filed its recommendation favoring approval of the applications and recommending that the tariff sheets take effect by operation of law or be approved. Because no party disputes the application, no law requires a hearing before granting the applications and approving the tariff sheets, so the Commission convened no hearing and bases its findings on the verified filings.¹
