In the Matter of KCP&L Greater Missouri Operations)
Company Submission of its 2013 RES Compliance Plan) **File No. EO-2013-0505**

ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: July 30, 2013

Effective Date: July 30, 2013

On May 28, 2013, KCP&L Greater Missouri Operations Company (“GMO”) filed its 2013 Annual Renewable Energy Standard Compliance Plan and Report pursuant to Commission Rule 4 CSR 240-20.100. On July 17, Union Electric Company d/b/a Ameren Missouri filed an application to intervene.

Ameren Missouri pleads that as an investor-owned utility, it is also subject to Commission jurisdiction. As such, it is interested in renewable energy standards and provisions relating to the payment of solar rebates, and, thus, it has an interest different from that of the general public that may be adversely affected by a final order in this file.

Commission Rule 4 CSR 240-2.080(15) allows parties ten days to respond to motions. No party objected to the application. Therefore, the Commission will take it up unopposed.

Commission Rule 4 CSR 240-2.075(4) allows the Commission to grant intervention to a person who has an interest different from that of the general public and which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. Upon review of the unopposed application, the Commission finds that Ameren Missouri meets the standard in Commission Rule 4 CSR 240-2.075(4). Therefore, the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The application to intervene filed by Union Electric Company d/b/a Ameren Missouri is granted.
2. This order shall become effective upon issuance.
