

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of KCP&L Greater Missouri Operations)
Company’s Submission of its 2014 Renewable)
Energy Standard Compliance Plan)
File No. EO-2014-0288

ORDER DIRECTING FILING

Issue Date: June 30, 2014

Effective Date: June 30, 2014

On April 15, 2014, KCP&L Greater Missouri Operations Company filed with the Missouri Public Service Commission (“Commission”) its 2014 Annual Renewable Energy Standard Compliance Plan pursuant to Commission Rule 4 CSR 240-20.100. The Commission granted limited intervention to Ag Processing, Inc., a cooperative, (“Ag Processing”) and the Missouri Solar Energy Industries Association (“MOSEIA”). On June 27, 2014, Ag Processing filed a motion to compel responses to data requests that it had issued to MOSEIA. Ag Processing alleges in its motion that MOSEIA failed to timely respond to the data requests by providing either an answer or an objection.

In its order granting intervention, the Commission limited that intervention to accessing the highly confidential versions of the renewable energy standard plan. Commission Rule 4 CSR 240-20.100(7)(E) permits “any interested persons or entities” to file comments, which does not require intervention. The Commission noted, however, that access to the highly confidential version of the plan would be likely to improve the quality of those comments, so limited intervention was granted in order to access that version.

Resolving the matter of Ag Processing’s motion to compel involves a determination of Ag Processing’s authority to act under its limited intervention status, including the

authority to issue discovery. Since the Commission has only recently granted limited intervention in such non-contested cases, the Commission will provide an opportunity for interested persons to comment on the issue of the extent of an intervenor's authority to act upon the granting of limited intervention.

THE COMMISSION ORDERS THAT:

1. Any party that wishes to respond to the motion to compel filed by Ag Processing, Inc. or comment on the extent of an intervenor's authority to act upon the granting of limited intervention shall do so no later than July 10, 2014.
2. This order shall become effective immediately upon issuance.
