**EVERGY MISSOURI WEST’S RESPONSE
TO OPC’S MOTION FOR RECONSIDERATION AND/OR REHEARING**

COMES NOW, Evergy Missouri West, Inc. d/b/a Evergy Missouri West (“Evergy Missouri West” or “Company”), by and through its counsel and, for its *Response* (“Response”) to the Office of the Public Counsel’s (“OPC”) *Motion for Reconsideration and/or Rehearing* (“Motion”), filed in this docket on March 31, 2021, states as follows:

1. As the Commission has already determined in its March 3, 2021 *Report and Order* (“Order”), the Company did not violate its tariffs. The overbill situation is covered by Tariff Sheet No. R-3.1 and 20 CSR 4240-13.025, which provide that in the case of an overbill, a refund may be issued for up to a five-year period.
2. Since the Commission Order, the Company has sent an additional payment to Complainant beyond the five-year refund supported by Company tariff and the Commission Order. With this additional discretionary payment, the Complainant has received payments equivalent to ten years of area light charges.
3. Thus, there is no reason for a rehearing in this matter. The Complainant has received all that she was entitled to under the Company’s tariff as well an additional amount suggested in the Commission’s discussion of the Order.

WHEREFORE, the Company submits this Response to OPC's Motion.

Respectfully submitted,
