Quarterly Report - 04/20/2020

Report dates from 01/01/2020 - 03/31/2020

1. Evaluation of program:

The Company began accepting enrollment in the program on June 25th, 2019.

As of March 31, 2020, the Company has enrolled 520 Missouri and 325 Kansas customers in the pilot programs. There are 10,000 total shares available and 6,962 have been subscribed to for a 70% subscription rate. This equates to approximately 3.5 MW of subscription.

During the 4th quarter of 2019, the Company spent \$1,312 on marketing or communications for the program. As of this date, \$23,599.50 has been spent on marketing or communications for the program.

2. Lessons Learned:

At this stage in the pilot program, the Company has nothing to report in this area. This will be provided after sufficient interest has been received and solar resources have been acquired.
