Inc. d/b/a Aquila Networks – L&P to Remove	)	Case No. <u>ET-2006-0466</u>
Limitations on the Metering Loss Adjustment.	)	<u>JE-2006-0865</u>

**NOTICE OF CORRECTION**

COMES NOW Aquila, Inc. (“Aquila”), and provides the following correction to the Missouri Public Service Commission (Commission):

1. On May 19, 2006, Aquila filed two tariff sheets designed to remove limitations on the Metering Loss Adjustment as it applies to the L&P service territory. Aquila stated in pleadings that there are approximately twenty-five (25) existing Large General Service and Large Power Service customers in the L&P territory that might lose the benefit of the Metering Loss Adjustment as a result of the current tariff language. Aquila estimated the aggregate impact of a loss of this adjustment to be approximately \$250,000.

2. This information must be corrected. While there are twenty-five (25) customers to whom the Metering Loss Adjustment applied, only ten (10) of those customers take service at primary voltage or higher and are impacted by the subject language. The aggregate annual revenue impact on those ten (10) customers is approximately \$100,000.

WHEREFORE, Aquila respectfully requests that the Commission consider this

correction.

Respectfully Submitted,
