

# **AmerenUE Average Retail Rates with Requested Increase Compared to Other Utilities** (update of Schedule WLB-13 to reflect KCPL's recent rate increase request)

Source: DOE/EIA Form 826.

\* U.S. based on 2006 annual DOE data; rest based on rates in effect for twelve months ending October 2006.

\*\* Rate increases recently approved for Empire District Electric and Kansas City Power & Light.

\*\*\* Arrows reflect initially-requested increases by AmerenUE and Aquila in their 2006 filings and KCPL in its 2007 rate filing. Non-restructured states are those states that have not deregulated the generation of electricity, similar to Missouri. Midwest states based on Census Region definitions.

Other Missouri IOUs are Aquila, Empire District Electric, and Kansas City Power & Light. Retail customers include residential, commercial, and industrial customers.
