WR-2023-0006  
General Rate Case

Requested From: Confluence Rivers

Date Requested: July 25, 2023

Information Requested:

Referencing Company response to Staff DR 0241, please identify the responsibilities of a chief operator and how they differ from "other staff" referenced in Column D.

Requested By: Geoff Marke

Information Provided:

A chief operator is a certified operator designated by the owner of the public water or wastewater system to have overall responsibility for the day-to-day process control and system integrity decisions that will directly impact the quality and quantity of drinking water or a system's compliance with effluent limits. This individual must possess a certificate at the level of or higher than the classification of the treatment facility or distribution system for which he or she is responsible.

Responsible Person: Aaron Silas
