

EC-2023-0395

Brett Felber

VS

Ameren Missouri

My fault, the complaint number for that in reference was EC-2022-0103, which was closed on 9/06/2022, as it was my Holding Company filed the complaint against Ameren. You can see the exhibits on that, such as disconnect letters, which proved Ameren uses the same tactics.

My apologies, I don't know where EC-2022-0148 came from, or why counsel brought that up, as that is irrelevant. Let the record show that EC-2022-0103 was a complaint filed by my business, which shows the same business practices.
