Re: ***4 CSR 240-20.100 Electric Utility Renewable Energy Standard Requirements***

Dear Secretary Carnahan,

On July 1, 2010, the Public Service Commission voted to submit a Revised Order of Rulemaking for publication. Later on July 1, the Joint Committee on Administrative Rules voted to disapprove sections (2)(A) and (2)(B)2 of that rule, which contain provisions regarding geographic sourcing. JCAR approved the other portions of the rule and waived any further time JCAR may have to conduct hearings on the rule.

At its agenda meeting on July 6, 2010, the majority of the Commission voted to submit the Revised Order of Rulemaking for publication. This rule includes the portions disapproved by JCAR but, in accordance with section 536.073.8, the Commission is not filing those sections for publication. Rather, the Commission expects that the disapproved portions of the rule will be held in abeyance by JCAR and continue to work through the process set forth in Chapter 536 for the General Assembly to act.

The Public Service Commission requests that sections (2)(A) and (2)(B)2 be reserved for later use in the event the Commission decides to amend the rule.

  
Steven C. Reed  
Secretary of the Commission
