 Rendering of Water Service**

Private Fire Service Charges

Applicability: These rates are for fire hydrants and fire protection systems installed on private property.

Construction Provision: Expense of installation will be borne by the customer. A detector meter of Missouri Department of Natural Resources approved make and size must be incorporated in each fire protection system.

Contract Term and Billing: All bills under this schedule will be rendered monthly.

Rate Table:

Fire Hydrants

For each hydrant installed: \$272.77 annually

Automatic Sprinkler System

Rates +

Tap Size	Annual Charge
2.0" or less	\$45.73
4.0"	\$181.90
6.0"	\$383.22
8.0"	\$689.75
10"	\$1,024.34

Payment Terms: Bills are due and payable within twenty-one (21) days after remittance.

Special Provisions

1. Private fire protection hydrants and systems are to be used solely for the extinguishment of fires or for fire drills.
2. No connections for water service for uses other than fire protection shall be made to any private fire protection system.
3. The addition of any hydrants, sprinkler heads or other outlets shall be reported immediately to the Company.
