Dear Secretary Blunt,

RE: Chapter 4 CSR 240-3.025 - Utility Company Tariff Filings Which Create Cases

CERTIFICATION OF ADMINISTRATIVE RULE

I do hereby certify that the attached is an accurate and complete copy of the proposed rule lawfully submitted by the Missouri Public Service Commission on this 1st day of May 2002.

The Missouri Public Service Commission has determined and hereby certifies that this proposed rule will not have an economic impact on small businesses. The Missouri Public Service Commission also certifies that it has conducted an analysis of whether or not there has been a taking of real property pursuant to section 536.017, RSMo 2000 and that this proposed rule does not constitute a taking of real property under relevant state and federal law.

Statutory Authority: Sections 386.250(6) and 536.016(1)

If there are any questions regarding the content of the rule, please contact: Cliff E. Snodgrass, 200 Madison Street, Suite 800, P. O. Box 360, Jefferson City, MO 65101, (573) 751-3966, snodgra@mail.state.mo.us

PROPOSED RULE

**SECRETARY OF STATE
ADMINISTRATIVE RULES**

4 CSR 240-3.030 Minimum Filing Requirements for Utility Company General Rate Increase Requests

PURPOSE: This rule prescribes the information which must be filed by all electric utilities, all large local exchange telecommunications companies, all large gas, water and sewer utilities, and all steam heating utilities when filing for a general company-wide increase in rates. Additional requirements regarding this subject matter are also found in 4 CSR 240-3.160 for electric utilities and 4 CSR 240-3.235 for gas utilities.

(1) This rule applies to all electric utilities; to all local exchange telecommunications companies with more than five thousand (5000) access lines; to all gas utilities with more than one thousand five hundred (1500) customers; to all water utilities with more than five thousand (5000) customers; to all sewer utilities with more than five thousand (5000) customers; and to all steam heating utilities, under the jurisdiction of the commission.

(2) A general rate increase request is one where the company or utility files for an overall increase in revenues through a company-wide increase in rates for the utility service it provides, but shall not include requests for changes in rates made pursuant to an adjustment clause or other similar provisions contained in a utility's tariffs.

(A) With regard to any telecommunications company subject to this rule, any increase in revenues as a result of an increase in rates within a previously approved rate band for a transitionally competitive or competitive service pursuant to sections 392.500 and 392.510, RSMo will not be considered a general rate increase and thereby not be subject to these minimum filing requirements.

(3) At the time a tariff(s) is filed by any company or utility subject to this rule which contains a general rate increase request, an original and fourteen (14) copies of the following information shall be filed with the executive secretary of the commission and two (2) copies shall be provided to the Office of the Public Counsel:

(A) A letter transmitting the proposed tariff changes to the executive secretary of the Missouri Public Service Commission;

(B) General information concerning the filing which will be of interest to the public and suitable for publication, including:

1. The amount of dollars of the aggregate annual increase and the percentage of increase over current revenues which the tariff(s) proposes;
2. Names of the counties and communities affected;
3. The number of the customers to be affected in each general category of service and in all rate classifications within each general category of service;
4. The average change requested in dollars and percentage change from current rates for each general category of service and for all rate classifications within each general category of service;
5. The proposed annual aggregate change by general categories of service and by rate classification within each general category of service including dollar amounts and percentage of change in revenues from current rates;
6. Copies of any press releases relative to the filing issued by the company or utility prior to or at the time of the filing; and
7. A summary of the reasons for the proposed changes or a summary explanation of the reasons the additional rate is needed.

(4) For good cause shown, the commission may grant a waiver of any of the provisions of this rule.

AUTHORITY: Section 386.250, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-10.070, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-10.070, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions. SECRETARY OF STATE
ADMINISTRATIVE RULES

- (1) Affiliate means any person who, directly or indirectly, controls or is controlled by or is under common control with an electric utility.
- (2) Affiliated Entity means any person, including an individual, corporation, service company, corporate subsidiary, firm, partnership, incorporated or unincorporated association, political subdivision including a public utility district, city, town, county, or a combination of political subdivisions, which directly or indirectly, through one (1) or more intermediaries, controls, is controlled by, or is under common control with the regulated electrical corporation.
- (3) Affiliate Transaction means any transaction for the provision, purchase or sale of any information, asset, product or service, or portion of any product or service, between a regulated electrical corporation and an affiliated entity, and shall include all transactions carried out between any unregulated business operation of a regulated electrical corporation and the regulated business operations of a electrical corporation. An affiliate transaction for the purposes of this rule excludes heating, ventilating and air conditioning (HVAC) services as defined in section 386.754 by the General Assembly of Missouri.
- (4) Appliance or Equipment means any device which consumes electric energy and any ancillary device required for its operation.
- (5) Avoided Costs means the incremental costs to an electric utility of electric energy or capacity or both which, but for the purchase from the qualifying facility or qualifying facilities, that utility would generate itself or purchase from another source.
- (6) Consideration shall be interpreted in its broadest sense and shall include any cash, donation, gift, allowance, rebate, discount, bonus, merchandise (new or used), property (real or personal), labor, service, conveyance, commitment, right or other thing of value.
- (7) Control (including the terms "controlling," "controlled by," and "common control") means the possession, directly or indirectly, of the power to direct, or to cause the direction of the management or policies of an entity, whether such power is exercised through one (1) or more intermediary entities, or alone, or in conjunction with, or pursuant to an agreement with, one or more other entities, whether such power is exercised through a majority or minority ownership or voting of securities, common directors, officers or stockholders, voting trusts, holding trusts, affiliated entities, contract or any other direct or indirect means. The commission shall presume that the beneficial ownership of ten percent (10%) or more of voting securities or partnership interest of an entity constitutes control for purposes of this rule. This provision, however, shall not be construed to prohibit a regulated electrical corporation from rebutting the presumption that its ownership interest in an entity confers control.
- (8) Cost-Effective means that the present value of life-cycle benefits is greater than the present value of life-cycle costs to the provider of an energy service.
- (9) Decommissioning means those activities undertaken in connection with a nuclear generating unit's retirement from service to ensure that the final removal, disposal, entombment or other disposition of the unit and of any radioactive components and materials associated with the unit, are accomplished in compliance with all applicable laws, and to ensure that the final disposition does not pose any undue threat to the public health and safety. Decommissioning includes the removal and disposal of the structures, systems and components of a nuclear generating unit at the time of decommissioning.

(10) Decommissioning Costs means all reasonable costs and expenses incurred in connection with decommissioning, including all expenses to be incurred in connection with the preparation for decommissioning, including, but not limited to, engineering and other planning expenses; and to be incurred after the actual decommissioning occurs, including, but not limited to, physical security and radiation monitoring expenses, less proceeds of insurance, salvage or resale of machinery, construction equipment or apparatus the cost of which was charged as a decommissioning expense.

(11) Demand-Side Resource means any inefficient energy-related choice that can be influenced cost-effectively by a utility. The meaning of this term shall not be construed to include load-building program.

(12) Energy Service means the need that is served or the benefit that is derived by the ultimate consumer's use of energy.

(13) Inefficient Energy-Related Choice means any decision that causes the life-cycle cost of providing an energy service to be higher than it would be for an available alternative choice.

(14) Load-Building Program means an organized promotional effort by a utility to persuade energy-related decision makers to choose the form of energy supplied by that utility instead of other forms of energy for the provision of energy service or to persuade customers to increase their use of that utility's form of energy, either by substituting it for other forms of energy or by increasing the level or variety of energy services used. This term is not intended to include the provision of technical or engineering assistance, information about filed rates and tariffs or other forms of routine customer service.

(15) Promotional Practices means any consideration offered or granted by an electric utility or its affiliate to any person for the purpose, express or implied, of inducing the person to select and use the service or use additional service of the utility or to select or install any appliance or equipment designed to use the utility service, or for the purpose of influencing the person's choice or specification of the efficiency characteristics of appliances, equipment, buildings, utilization patterns or operating procedures. The term promotional practices shall not include the following activities:

(A) Making any emergency repairs to appliances or equipment of customers;

(B) Providing appliances or equipment incidental to demonstrations of sixty (60) days or less in duration;

(C) Providing light bulbs, street or outdoor lighting service, wiring, service pipe or other service equipment or appliances, in accordance with tariffs filed with and approved by the commission;

(D) Providing appliances or equipment to an educational institution for the purpose of instructing students in the use of the appliances or equipment;

(E) Merchandising appliances or equipment at retail and, in connection therewith, the holding of inventories, making and fulfillment of reasonable warranties against defects in material and workmanship existing at the time of delivery and financing; provided that the merchandising shall not violate any prohibition contained in 4 CSR 240-14.020;

(F) Inspecting and adjusting of appliances or equipment by an electric utility;

(G) Repairing and other maintenance to appliances or equipment by an electric utility if charges are at cost or above;

(H) Providing free or below-cost energy audits or other information or analysis regarding the feasibility and cost-effectiveness of improvements in the efficiency characteristics of appliances, equipment, buildings, utilization patterns or operating procedures;

(I) Offering to present or prospective customers by an electric utility technical or engineering assistance; and

(J) Advertising or publicity by an electric utility which is under its name and on its behalf and which does not in any manner, directly or indirectly, identify, describe, refer to, mention or relate to any architect, builder, engineer, subdivider, developer or other similar person, or which mentions no less than three (3) existing projects, developments or subdivisions.

(16) Purchase means the purchase of electric energy or capacity or both from a qualifying facility by an electric utility.

(17) Qualifying Facility means a cogeneration facility or a small power production facility which is a qualifying facility under Subpart B of Part 292 of the Federal Energy Regulatory Commission's (FERC) regulations.

(18) Sale means the sale of electric energy or capacity or both by an electric utility to a qualifying facility.

AUTHORITY: Section 386.250, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The definitions set forth in this proposed rule mirror definitions currently found in various other commission rules and the rule will thus not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: The definitions set forth in this proposed rule mirror definitions currently found in various other commission rules and the rule will thus not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. PROPOSED RULE

4 CSR 240-3.630 Schedule of Fees Applicable to Applications for Approval of Water Service Territorial Agreements and Petitions for Designation of Water Service Areas

PURPOSE: This rule establishes a schedule of fees for commission review of proposed territorial agreements and petitions for commission designation of water service areas between water service providers.

- (1) Commission review of an application for a proposed territorial agreement or a petition for commission designation of water service areas between water service providers shall be accompanied by an initial filing fee in the amount of five hundred fifty dollars (\$500).
- (2) In addition to the filing fee, the fee for commission review of an application for approval of a proposed territorial agreement between water service providers or a petition for commission designation of water service areas is set at six hundred eighty-five dollars (\$685) per hour of hearing time, subject to a minimum charge for hearing time of six hundred eighty-five dollars (\$685). There is an additional charge of three dollars and fifty cents (\$3.50) per page of transcript. These fees are in addition to the fees authorized by section 386.300, RSMo.
- (3) The parties shall be responsible for payment of any unpaid fees on and after the effective date of the commission's report and order relating to the water service territorial agreement or designation of water service area. The executive director shall send an itemized billing statement to the applicants on or after the effective date of the commission's report and order. Responsibility for the payment of the fees shall be that of the parties to the proceeding as ordered by the commission in each case.
- (4) An application for commission review of proposed amendment(s) to an existing territorial agreement between water service providers shall not be subject to the fee of five hundred dollars (\$500) specified in section (1) of this rule. However, the applicants shall be responsible for the payment of a fee which reflects necessary hearing time (including the minimum hearing time charge) and the transcript costs as specified in section (2) of this rule.
- (5) On July 1 of each year, the filing fee and the fee per hour of evidentiary hearing time will be modified to match any percentage change in the Consumer Price Index for the twelve-month period ending December 31 of the preceding year.

AUTHORITY: Sections 386.250 and 247.172, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The requirements of this proposed rule mirror requirements currently found in sections (2) and (13) of commission rule 4 CSR 240-2.060 and in commission rule 4 CSR 240-51.010, which are being amended and rescinded, respectively, in companion rulemakings. As a result, this proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PROPOSED RULE

4 CSR 240-3.635 Water Utility Small Company Rate Increase Procedure

PURPOSE: This rule provides procedures for small water utilities to obtain rate increases.

(1) Notwithstanding any other rule to the contrary, small companies, as defined in this rule, may seek a general increase in revenues through a small company rate case by filing a letter requesting the change. The request shall not be accompanied by any tariff sheets. For the purpose of this rule, small companies qualifying to use the small company rate case described in this rule shall include water utilities having eight thousand (8,000) or fewer customers. The small company rate case shall be conducted as follows:

(A) The original letter requesting the change shall be filed with the secretary of the commission and one (1) copy shall be furnished to the public counsel. The letter shall state the amount of the additional revenue requested, the reason(s) for the proposed change and a statement that all commission annual assessments have been paid in full or are being paid under an installment plan. The letter should also include a statement that the company's current annual report is on file with the commission. The company, in writing, shall notify customers of the request for additional revenue and the effect on the typical residential customer's bill. The notice shall indicate that customers' responses may be sent to the appropriate commission department or the public counsel within thirty (30) days of the date shown on the notice. A draft copy of the notice shall be sent to the appropriate commission department for verification of the accuracy of the notice before being sent to the company's customers. A copy of the final notice shall then be sent to the appropriate commission department and the public counsel. The commission staff and the public counsel shall exchange copies of customer responses upon their receipt. Upon receipt of the company's request, the commission staff shall schedule an investigation of the company's operations and an audit of its financial records. When the investigation and audit are complete, the commission staff shall notify the company and public counsel whether the requested additional revenue is recommended in whole or in part, of the rate design proposal for the increase, and of any recommended operational changes. If public counsel wishes to conduct an investigation and audit of the company, it must do so within the same time period as staff's investigation and audit;

(B) The commission staff, within twenty-one (21) days from the completion of its investigation, shall arrange a conference with the company and shall notify the public counsel of the conference prior to the conference, in order to provide the public counsel an opportunity to participate;

(C) If the conference between the commission staff, the company and the public counsel results in an agreement concerning additional revenue requirements and any other matters pertaining to the company's operations, including responses to customer concerns, the agreement between the commission staff, the company and the public counsel shall be reduced to writing. The company may then file tariff sheet(s) with an effective date which is not fewer than thirty (30) days after the tariff's issue date and no additional customer notice or local public hearing shall be required, unless otherwise ordered by the commission. The company shall file a copy of the agreement with its tariff;

(D) If the conference results in an agreement between the commission staff and the company only, the company at this time shall file the necessary tariff sheet(s) with the commission in accordance with the agreement. The tariff sheet(s) shall contain an effective date of not fewer than forty-five (45) days from the issue date. The company shall notify customers in writing of the proposed rates resulting from the agreement. The notice shall indicate that customers' responses may be sent to the appropriate commission department or the public counsel within twenty (20) days of the date shown on the notice. A copy of the notice shall be sent to the secretary of the commission and the public counsel. The commission staff and the public counsel shall exchange copies of the customer responses upon their receipt. The public counsel shall file a pleading indicating its agreement or disagreement with the tariff sheet(s) within twenty-five (25) days of the date the tariff sheet(s) is filed, unless a public hearing is requested;

(E) A request for a local public hearing may be filed after the tariff sheet(s) is filed by the company. The request shall be filed within twenty (20) days of the filing of the tariff sheet(s) by the company. Public counsel shall file a pleading indicating agreement or disagreement with the tariff sheet(s) within seven (7) days after the local public hearing;

(F) An agreement must be reached and tariff sheet(s) filed based upon the agreement within one hundred fifty (150) days from the date the letter initiating the case is filed. This time period may be extended with the consent of the company. Written consent for an extension shall be filed with the company's tariff; and

(G) If no agreement can be reached between the commission staff and the company, the company may initiate a standard rate case.

AUTHORITY: Section 386.250, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-2.200, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-2.200, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions. Chapter 3 – Filing and Reporting Requirements**

PROPOSED RULE

4 CSR 240-3.640 Annual Report Filing Requirements for Water Utilities

PURPOSE: This rule establishes standards for filing annual reports by water utilities subject to the jurisdiction of the Missouri Public Service Commission, including procedures for filing annual report information under seal.

(1) All water utilities subject to the jurisdiction of the Missouri Public Service Commission shall file an annual report with the commission on or before April 15 of each year.

(2) Water utilities shall file their annual reports on either a form provided by the commission or on a computer-generated replica which is acceptable to the commission. All requested information shall be included in the annual report where applicable.

(3) Where a utility subject to this rule considers the information requested on the annual report form to be confidential, it must make a written request to the executive secretary to file that information under seal and state good cause for maintaining the information under seal. The executive secretary shall then, through the general counsel, present that request to the commission for approval. The executive secretary shall inform the utility within three (3) days of the commission decision whether the request has been granted.

(4) A utility which is unable to meet the filing date established in section (1) of this rule shall make a written request to extend the filing date for its annual report to the executive secretary and state the reason for the extension request. The executive secretary, through the chief administrative law judge, shall present the report to the commission for approval. The executive secretary shall inform the utility in writing within three (3) days of the decision of the commission.

AUTHORITY: Sections 386.250 and 393.140, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-10.080, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-10.080, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions. Any persons with special needs as addressed by the Americans with Disabilities Act should contact the Missouri Public Service Commission at least ten days prior to the hearing at one of the following numbers: Consumer Services Hotline 1-800-392-4211 or TDD Hotline 1-800-829-7541.*

Chapter 3 – Filing and Reporting Requirements

PROPOSED RULE

4 CSR 240-3.645 Filing Requirements for Water Utility Rate Schedules

PURPOSE: This rule prescribes the form and procedures for filing and publishing schedules of rates of all water utilities under the jurisdiction of the Public Service Commission.

(1) Every water corporation engaged in the furnishing or distribution of water for domestic or other beneficial use in the state of Missouri is directed not later than October 15, 1913 to have on file with this commission and keep open for public inspection, schedules showing all rates and charges in connection with the service or whatever nature made by these water corporations for each and every kind of service which it renders as were in force on April 15, 1913 together with proper supplements covering all changes in the rate schedules authorized by this commission, if any, since April 15, 1913.

(2) All the rate schedules now on file with the commission not in accordance with these rules shall be issued in the form and manner prescribed by this rule and all rate schedules issued after April 15, 1913 must conform to this rule.

(3) Rate schedules shall be drawn up substantially in accordance with Form No. 13 and shall be plainly printed or typewritten on good quality of paper of size eight and one-half inches by eleven inches (8 1/2" x 11") in book, sheet or pamphlet form. A loose-leaf plan may be used so changes can be made by reprinting and inserting a single leaf. When the loose leaf plan is used, all sheets, except the title page sheet, must show in the marginal space at top of page the name of the water corporation issuing, the PSC number of the schedule and the number of the page. In the marginal space at bottom of the sheet, should be shown: the date of issue, the effective date and the name, title and address of the officer by whom the schedule is issued. All schedules shall bear a number with the prefix PSC Mo. _____. Schedules shall be numbered in consecutive serial order beginning with number 1 for each water corporation. If a schedule or part thereof is cancelled, a new schedule or part thereof (sheet or sheets if loose-leaf will refer to the schedule cancelled by its PSC number; thus, PSC Mo. No. _____ cancelling PSC Mo. No. _____.

(4) Each schedule shall be accompanied by a letter of transmittal, in duplicate if receipt is desired, which shall be prepared consistent with the format designated by the commission.

(5) All proposed changes in rates, charges or rentals or in rules that affect rates, charges or rentals, filed with the commission shall be accompanied by a brief summary, approximately one hundred (100) words or less, of the effect of the change on the company's customers. A copy of any proposed change and summary shall also be served on the public counsel and be available for public inspection and reproduction during regular office hours at the general business office of the utility.

(6) Thirty (30)-days notice to the commission is required as to every publication relating to water rates or service except where publications are made effective on less than statutory notice by permission, regulation or requirement of the commission.

(7) Except as is otherwise provided, no schedule or supplement will be accepted for filing unless it is delivered to the commission free from all charges or claims for postage, the full thirty (30) days required by law before the date upon which such schedule or supplement is stated to be effective. No consideration will be given to or for the time during which a schedule or supplement may be held by the post office authorities because of insufficient postage. When a schedule or a supplement is issued and as to which the commission is not given the statutory notice, it is as if it had not been issued and a full statutory notice must be given of any reissuance. No consideration will be given to telegraphic notices in computing the thirty (30) days' notice required. In such cases the schedule will be returned to the sender and correction of the neglect or omission cannot be made which takes into account any time elapsing between the date upon which such schedule or supplement was received and the date of the attempted correction. For rate schedules and supplements issued on short notice under special permission of the commission, literal compliance with the requirements or notice named in any order, regulation or permission granted by the commission will be exacted.

AUTHORITY: Sections 386.250 and 393.140, RSMo 2000. Original rule filed May 1, 2002.

PUBLIC COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-50.010, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: The requirements of this proposed rule mirror requirements currently found in commission rule 4 CSR 240-50.010, which is being rescinded in a companion rulemaking. As a result, this proposed rule will not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. PROPOSED AMENDMENT

4 CSR 240-2.060 Applications. The commission is proposing to delete sections (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (15) and (17) from the rule, to renumber the remaining sections of the rule accordingly, and to add one new section at the end of the rule.

PURPOSE: This amendment reflects a reorganization of the commission's rules regarding general filing requirements in that requirements mirroring those found in the sections being deleted from this rule are being adopted in various rules in the commission's new Chapter 3.

[(3) Competitive telecommunications companies are exempt from subsections (7)(A)-(E), (8)(A)-(E), and (11)(C)-(G) of this rule; however, they must file a pleading indicating which company will be holding the certificate of service authority and providing service to Missouri customers, and the tariff under which service will be provided.

(4) In addition to the requirements of section (1), applications for a certificate of convenience and necessity by a gas, electric, water, sewer or heating company shall include the following information:

(A) If the application is for a service area--

1. A statement as to the same or similar utility service, regulated and nonregulated, available in the area requested;

2. If there are ten (10) or more residents or landowners, the name and address of no fewer than ten (10) persons residing in the proposed service area or of no fewer than ten (10) landowners in the event there are no residences in the area, or, if there are fewer than ten (10) residents or landowners, the name and address of all residents and landowners;

3. The legal description of the area to be certificated;

4. A plat drawn to a scale of one-half inch (1/2") to the mile on maps comparable to county highway maps issued by the Missouri Department of Transportation or a plat drawn to a scale of two thousand feet (2,000') to the inch; and

5. A feasibility study containing plans and specifications for the utility system and estimated cost of the construction of the utility system during the first three (3) years of construction; plans for financing; proposed rates and charges and an estimate of the number of customers, revenues and expenses during the first three (3) years of operations--

(B) If the application is for electrical transmission lines, gas transmission lines or electrical production facilities--

1. A description of the route of construction and a list of all electric and telephone lines of regulated and nonregulated utilities, railroad tracks or any underground facility, as defined in section 319.015, RSMo, which the proposed construction will cross;

2. The plans and specifications for the complete construction project and estimated cost of the construction project or a statement of the reasons the information is currently unavailable and a date when it will be furnished; and

3. Plans for financing;

(C) When no evidence of approval of the affected governmental bodies is necessary, a statement to that effect;

(D) When approval of the affected governmental bodies is required, evidence must be provided as follows:

1. When consent or franchise by a city or county is required, approval shall be shown by a certified copy of the document granting the consent or franchise, or an affidavit of the applicant that consent has been acquired; and

2. A certified copy of the required approval of other governmental agencies; and

(E) The facts showing that the granting of the application is required by the public convenience and necessity.

(5) In addition to the requirements of section (1), applications for a certificate of interexchange service authority to provide customer-owned coin telephone (COCT) service shall be filed on the form provided by the commission.

(A) Applications for COCT service shall include a description of the general area in which service is to be offered.

(B) Providers of COCT service shall be exempt from the provisions of sections 392.390(1) and (3), RSMo, but shall remain subject to the provisions of section 386.370, RSMo.

(6) In addition to the requirements of section (1), applications for a certificate of service authority to provide telecommunications services, whether interexchange, local exchange or basic local exchange, shall include:

(A) A request to be classified as a competitive telecommunications company, if applicable, and a description of the types of service the applicant intends to provide;

(B) If the application is for basic local exchange service authority, the applicant shall indicate the exchange(s) in which service is to be offered; and

(C) A proposed tariff with an effective date which is not fewer than forty-five (45) days after the tariff's issue date.

(7) In addition to the requirements of section (1), applications for authority to sell, assign, lease or transfer assets shall include:

(A) A brief description of the property involved in the transaction, including any franchises, permits, operating rights or certificates of convenience and necessity;

(B) A copy of the contract or agreement of sale;

(C) The verification of proper authority by the person signing the application or a certified copy of resolution of the board of directors of each applicant authorizing the proposed action;

(D) The reasons the proposed sale of the assets is not detrimental to the public interest;

(E) If the purchaser is subject to the jurisdiction of the commission, a balance sheet and income statement with adjustments showing the results of the acquisitions of the property; and

(F) For gas, electrical, telecommunications, water and sewer companies, a statement of the impact, if any, the sale, assignment, lease or transfer of assets will have on the tax revenues of the political subdivisions in which any structures, facilities or equipment of the companies involved in that sale are located.

(8) In addition to the requirements of section (1), applications for authority to merge or consolidate shall include:

(A) A copy of the proposed plan and agreement of corporate merger and consolidation, including organizational charts depicting the relationship of the merging entities before and after the transaction;

(B) A certified copy of the resolution of the board of directors of each applicant authorizing the proposed merger and consolidation;

(C) The balance sheets and income statements of each applicant and a balance sheet and income statement of the surviving corporation;

(D) The reasons the proposed merger is not detrimental to the public interest;

(E) An estimate of the impact of the merger on the company's Missouri jurisdictional operations relative to the merger and acquisition in question; and

(F) For gas, electrical, water, sewer and telecommunications companies, a statement of the impact, if any, the merger or consolidation will have on the tax revenues of the political subdivision in which any structures, facilities or equipment of the companies involved are located.

(9) If the purchaser under either section (7) or (8) is not subject to the jurisdiction of the commission, but will be subject to the commission's jurisdiction after the sale, the purchaser must comply with these rules.

(10) In addition to the requirements of section (1), applications for gas storage companies for authority to acquire property through eminent domain proceedings shall include:

(A) The legal description of the areas to be acquired;

(B) A map showing the areas to be acquired;

(C) Names and addresses of all persons who may have any legal or equitable title of record in the property to be acquired; and

(D) The reasons it is necessary to acquire the property and why it is in the public interest.

(11) In addition to the requirements of section (1), applications for authority to issue stock, bonds, notes and other evidences of indebtedness shall contain the following:

(A) A brief description of the securities which applicant desires to issue;

(B) A statement of the purpose for which the securities are to be issued and the use of the proceeds;

(C) Copies of executed instruments defining the terms of the proposed securities--

1. If these instruments have been previously filed with the commission, a reference to the case number in which the instruments were furnished;

2. If these instruments have not been executed at the time of filing, a statement of the general terms and conditions to be contained in the instruments which are proposed to be executed; and

3. If none of these instruments is either executed or to be executed, a statement of how the securities are to be sold;

(D) A certified copy of resolutions of the directors of applicant authorizing the issuance of the securities;

(E) A balance sheet and income statement with adjustments showing the effects of the issuance of the proposed securities upon--

1. Bonded and other indebtedness; and

2. Stock authorized and outstanding;

(F) A statement of what portion of the issue is subject to the fee schedule in section 386.300, RSMo; and

(G) A five (5)-year capitalization expenditure schedule as required by section 392.310 or 393.200, RSMo.

(12) In addition to the requirements of section (1), applications for authority to acquire the stock of a public utility shall include:

(A) A statement of the offer to purchase stock of the public utility or a copy of any agreement entered with shareholders to purchase stock;

(B) A certified copy of the resolution of the directors of applicant authorizing the acquisition of the stock; and

(C) Reasons why the proposed acquisition of the stock of the public utility is not detrimental to the public interest.

(13) In addition to the requirements of section (1), applications for commission approval of territorial agreements shall include:

(A) A copy of the territorial agreement and a specific designation of the boundary, including legal description;

(B) An illustrative tariff which reflects any changes in a regulated utility's operations or certification;

(C) An explanation as to why the territorial agreement is in the public interest;

(D) A list of all persons whose utility service would be changed by the agreement; and

(E) A check for fees required by these rules.]

[(14)](3) In addition to the requirements of section (1), applications for variances or waivers from commission rules and tariff provisions, as well as those statutory provisions which may be waived, shall contain information as follows:

(A) Specific indication of the statute, rule or tariff from which the variance or waiver is sought;

(B) The reasons for the proposed variance or waiver and a complete justification setting out the good cause for granting the variance or waiver; and

(C) The name of any public utility affected by the variance or waiver.

[(15) In addition to the requirements of section (1), applications for commission authority for a change of electrical suppliers shall include:

(A) A description of the type of structure where the change of supplier is sought, and the street address, if any, of the structure;

(B) The name and address of the electrical supplier currently providing service to the structure;

(C) The name and address of the electrical supplier to which the applicant wishes to change;

(D) The applicant's reasons for seeking a change of supplier;

(E) If the applicant's reasons involve service problems, a description of the problems and dates of occurrence, if known;

(F) If the applicant's reasons involve service problems, a description of the contacts which applicant has had with the current supplier regarding the problems, if any, and what efforts the current supplier has made to solve the problems, if any;

(G) The reasons a change of electrical suppliers is in the public interest;

(H) If the current electrical supplier and the requested electrical supplier agree to the requested change, a verified statement for each supplier with the application, indicating agreement; and

(I) If the applicant is an electrical supplier, a list of the names and addresses of all customers whose electrical supplier is proposed to be changed.]

[(16)](4) A name change may be accomplished by filing the items below with a cover letter requesting a change of name. Notwithstanding any other provision of these rules, the items required herein may be filed by a nonattorney. Applications for approval of a change of name shall include:

(A) A statement, clearly setting out both the old name and the new name;

(B) Evidence of registration of the name change with the Missouri secretary of state; and

(C) Either an adoption notice and revised tariff title sheet with an effective date which is not fewer than thirty (30) days after the filing date of the application, or revised tariff sheets with an effective date which is not fewer than thirty (30) days after the filing date of the application.

[(17) In addition to the requirements of section (1), applications for a certificate of service authority to provide shared tenant services (STS) shall be filed on the form provided by the commission.

(A) STS applications shall include:

1. A description of all telecommunications services to be offered at the certificated location;
2. A description of any non-telecommunications services to be offered at the certificated location;
3. A copy of the contract or contracts to be used with tenants at the certificated location;
4. A copy of the contract or contracts to be signed with the local exchange company (LEC);
5. A description of the type of STS technology to be used at the certificated location;
6. A description of the form of interconnection to be used to provide toll services to tenants at the certificated location;

location;

7. A copy of the notice used to inform tenants that local exchange access line service may not be immediately available if STS is terminated at the certificated location;

8. A statement of the rates to be charged tenants at the certificated location; and

9. A statement of the total number of tenants and corresponding stations to be served at the certificated location.

(B) Applicant shall submit annual reports filed on the form provided by the commission. Each such report shall include a list of all premises at which applicant provides STS, and a list of all STS-related complaints received from tenants, including a summary of the nature of each such complaint, and a list of case numbers for any formal complaints filed with the commission.]

(5) In addition to the general requirements set forth above, the requirements found in Chapter 3 of the commission's rules pertaining to the filing of various types of applications must also be met.

Dear Secretary Blunt,

RE: 4 CSR 240-13.055 - Cold Weather Maintenance of Service: Provision of Residential Heat-Related Utility Service During Cold Weather

CERTIFICATION OF ADMINISTRATIVE RULE

I do hereby certify that the attached is an accurate and complete copy of the proposed rule lawfully submitted by the Missouri Public Service Commission on this 1st day of May 2002.

The Missouri Public Service Commission has determined and hereby certifies that this proposed rule will not have an economic impact on small businesses. The Missouri Public Service Commission also certifies that it has conducted an analysis of whether or not there has been a taking of real property pursuant to section 536.017, RSMo 2000 and that this proposed rule does not constitute a taking of real property under relevant state and federal law.

Statutory Authority: Sections 386.250(6) and 536.016(1)

If there are any questions regarding the content of the rule, please contact: Cliff E. Snodgrass, 200 Madison Street, Suite 800, P. O. Box 360, Jefferson City, MO 65101, (573) 751-3966, snodgra@mail.state.mo.us

MY COMMISSION EXP. SEPT 21, 2004

**Title 4 – DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 240 – Public Service Commission
Chapter 13 – Service and Billing Practices for Residential
Customers of Electric, Gas and Water Utilities**

PROPOSED AMENDMENT

4 CSR 240-13.055 Cold Weather Maintenance of Service: Provision of Residential Heat-Related Utility Service During Cold Weather. The commission is proposing to modify the purpose section of the rule by adding a reference to other applicable commission rules and to delete section (12) from the rule, which is the last section of the rule.

PURPOSE: This amendment reflects a reorganization of the commission's rules regarding general filing requirements in that requirements mirroring those found in the section being deleted from this rule are being adopted in various rules in the commission's new Chapter 3.

PURPOSE: This rule protects the health and safety of residential customers receiving heat-related utility service by placing restrictions on discontinuing and refusing to provide heat-related utility service from November 1 through March 31 due to delinquent accounts of those customers. Reporting requirements regarding heat-related utility service are found at 4 CSR 240-3.175 for electric utilities and at 4 CSR 240-3.250 for gas utilities.

[(12) Each utility providing heat-related utility service shall submit a report to the consumer services department of the commission for each calendar month no later than the twentieth day of the following month. The utility shall provide a copy of each report to the office of the public counsel. The report shall include the information listed below for each operational district into which the utility has divided its Missouri service territory. Utilities providing both electric and gas service shall report the information separately for their gas-only territory:

(A) The number of days on which discontinuance of service was not prohibited by the cold weather rule's daily temperature moratorium (4 CSR 240-13.055(4));

(B) The utility shall report the following information for all residential customers and state separately the information for those on whose behalf the utility has received notice of qualification for publicly funded energy assistance:

1. The number of residential customers who agreed to pay for their heat-related utility service under a payment agreement in accordance with 4 CSR 240-13.055(8);

2. The number of residential customers whose heat-related utility service was discontinued due to failure to make timely payments under a section (8) agreement;

3. The total amount due and owing from residential customers whose utility service was discontinued due to failure to make timely payments under a section (8) agreement;

4. The number of residential customers whose heat-related utility service was involuntarily discontinued and who were not participants in a section (8) payment agreement; and

5. The total amount due and owing from residential customers whose heat-related utility service was involuntarily discontinued and who were not participants in a section (8) payment agreement.]

AUTHORITY: [sections 386.250, 393.130 and 393.140, RSMo (1994)] Sections 386.250, 393.130 and 393.140, RSMo 2000. Original rule filed June 13, 1984, effective Nov. 15, 1984. Amended: Filed Dec. 30, 1992, effective Oct. 10, 1993. Amended: Filed March 10, 1995, effective Jan. 30, 1996.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

*NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or*

in opposition to this proposed rule, and may be asked to respond to commission questions. Any persons with special needs as addressed by the Americans with Disabilities Act should contact the Missouri Public Service Commission at least ten days prior to the hearing at one of the following numbers: Consumer Services Hotline 1-800-392-4211 or TDD Hotline 1-800-829-7541.

**Title 4 – DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 240 – Public Service Commission
Chapter 20 – Electric Utilities**

PROPOSED AMENDMENT

4 CSR 240-20.015 Affiliate Transactions. The commission is proposing to amend the purpose section of the rule by adding a reference to other applicable commission rules, to delete subsection (4)(B) from the rule and to renumber the remaining subsections of section (4) accordingly.

PURPOSE: This amendment reflects a reorganization of the commission's rules regarding general filing requirements in that requirements mirroring those found in the subsection being deleted from this rule are being adopted in a rule in the commission's new Chapter 3.

PURPOSE: This rule is intended to prevent regulated utilities from subsidizing their nonregulated operations. In order to accomplish this objective, the rule sets forth financial standards, evidentiary standards and record-keeping requirements applicable to any Missouri Public Service Commission (commission) regulated electrical corporation whenever such corporation participates in transactions with any affiliated entity (except with regard to HVAC services as defined in section 386.754, RSMo Supp. 1998, by the General Assembly of Missouri). The rule and its effective enforcement will provide the public the assurance that their rates are not adversely impacted by the utilities' nonregulated activities. Additional requirements pertaining to this subject matter are also found at 4 CSR 240-3.170.

(4) Record Keeping Requirements.

(A) A regulated electrical corporation shall maintain books, accounts and records separate from those of its affiliates.

[(B) Each regulated electrical corporation shall maintain the following information in a mutually agreed-to electronic format (i.e., agreement between the staff, Office of the Public Counsel and the regulated electrical corporation) regarding affiliate transactions on a calendar year basis and shall provide such information to the commission staff and the Office of the Public Counsel on, or before, March 15 of the succeeding year:

1. A full and complete list of all affiliated entities as defined by this rule;
2. A full and complete list of all goods and services provided to or received from affiliated entities;
3. A full and complete list of all contracts entered with affiliated entities;
4. A full and complete list of all affiliate transactions undertaken with affiliated entities without a written contract together with a brief explanation of why there was no contract;
5. The amount of all affiliate transactions by affiliated entity and account charged; and
6. The basis used (e.g., fair market price, FDC, etc.) to record each type of affiliate transaction.

(C) In addition, each (B) **Each** regulated electrical corporation shall maintain the following information regarding affiliate transactions on a calendar year basis:

1. Records identifying the basis used (e.g., fair market price, FDC, etc.) to record all affiliate transactions; and
2. Books of accounts and supporting records in sufficient detail to permit verification of compliance with this rule.

AUTHORITY: [sections 386.250, RSMo Supp. 1998, and 393.140, RSMo 1994] **Sections 386.250 and 393.140, RSMo 2000.** Original rule filed April 26, 1999, effective Feb. 29, 2000.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the Missouri Register. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions. Any persons with special needs

as addressed by the Americans with Disabilities Act should contact the Missouri Public Service Commission at least ten days prior to the hearing at one of the following numbers: Consumer Services Hotline 1-800-392-4211 or TDD Hotline 1-800-829-7541.

PROPOSED AMENDMENT

4 CSR 240-20.030 Uniform System of Accounts--Electrical Corporations. The commission is proposing to amend the purpose section of the rule by adding a reference to other applicable commission rules, to delete section (5) from the rule and to renumber the remaining sections accordingly.

PURPOSE: This amendment reflects a reorganization of the commission's rules regarding general filing requirements in that requirements mirroring those found in the section being deleted from this rule are being adopted in a rule in the commission's new Chapter 3.

PURPOSE: This rule directs electrical corporations within the commission's jurisdiction to use the uniform system of accounts prescribed by the Federal Energy Regulatory Commission for major electric utilities and licensees, as modified herein.[here, to file annual reports, and to submit a revised depreciation study, data base and property unit catalog at least every five years.] Requirements regarding the submission of depreciation studies, data bases and property unit catalogs are found at 4 CSR 240-3.160 and 4 CSR 240-3.175.

[(5) Each electrical corporation subject to the commission's jurisdiction shall submit a depreciation study, data base and property unit catalog to the manager of the commission's energy department and to the Office of the Public Counsel, as required by the terms of subsection (5)(B).

(A) The depreciation study, data base and property unit catalog shall be compiled as follows:

- 1. The study shall reflect the average life and remaining life of each primary plant account or subaccount;*
- 2. The data base shall consist of dollar amounts, by plant account or subaccount, representing--*

A. Annual dollar additions and dollar retirements by vintage year and year retired, beginning with the earliest year of available data;

B. Reserve for depreciation;

C. Surviving plant balance as of the study date; and

D. Estimated date of final retirement and surviving dollar investment for each warehouse, electric generating facility, combustion turbine, general office building or other large structure; and

- 3. The property unit catalog shall contain a description of each retirement unit used by the company.*

(B) An electrical corporation shall submit its depreciation study, data base and property unit catalog on the following occasions:

- 1. On or before the date adjoining the first letter of the name under which the corporation does business, excluding the word the, as indicated by the tariffs on file with the commission.*

A. The alphabetical categories and submission due dates are as follows:

(I) A, B, C, D: January 1, 1994;

(II) E, F, G, H: July 1, 1994;

(III) I, J, K, L: January 1, 1995;

(IV) M, N, O, P: July 1, 1995;

(V) Q, R, S, T: January 1, 1996; and

(VI) U, V, W, X, Y, Z: July 1, 1996.

B. However--

(I) An electrical corporation need not submit a depreciation study, data base or property unit catalog to the extent that the commission's staff received these items from the utility during the three (3) years prior to the due dates listed in subparagraph (5)(B)1.A.; and

(II) A utility with simultaneous due dates under 4 CSR 240-20.030(5)(B)1. and 4 CSR 240-40.040(5)(B)1. may postpone its due date with respect to one (1) of these rules by six (6) months. To exercise this option, the utility must give written notice of its intent to postpone compliance to the manager of the commission's energy department, and to the Office of the Public Counsel, before the utility's first due date;

- 2. When the utility files its tariff(s) with the commission proposing a general rate increase, as that term is used in the commission's rules pertaining to minimum filing requirements. However, an electrical corporation need not submit a depreciation study, data base or property unit catalog to the extent that the commission's staff received these items from the utility during the three (3) years prior to the utility filing for a general rate increase; or*

*3. Before five (5) years have elapsed since the last time the commission's staff received a depreciation study, data base and property unit catalog from the utility.]

[(6)](5) The commission may waive or grant a variance from the provisions of this rule, in whole or in part, for good cause shown, upon a utility's written application.

AUTHORITY: [section 393.140, RSMo 1994] Sections 386.250 and 393.140, RSMo 2000. Original rule filed Dec. 19, 1975, effective Dec. 29, 1975. Amended: Filed April 26, 1976, effective Sept. 11, 1976. Amended: Filed Feb. 5, 1993, effective Oct. 10, 1993. Amended: Filed March 19, 1996, effective Oct. 30, 1996.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than \$500 in the aggregate.

NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the Missouri Register. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions. Title 4 -- DEPARTMENT OF ECONOMIC DEVELOPMENT

Division 240 -- Public Service Commission

Chapter 20 -- Electric Utilities

PROPOSED AMENDMENT

4 CSR 240-20.060 Cogeneration. The commission is proposing to amend the purpose section of the rule by adding a reference to other applicable commission rules, to delete sections (3) and (10) from the rule and to renumber the remaining sections and related references within the rule accordingly.

PURPOSE: This amendment reflects a reorganization of the commission's rules regarding general filing requirements in that requirements mirroring those found in the section being deleted from this rule are being adopted in a rule in the commission's new Chapter 3.

PURPOSE: This rule implements Sections 201 and 210 of the Public Utility Regulatory Policies Act of 1978 with regard to small power production and cogeneration. The objective of Sections 201 and 210 of Public Utility Regulatory Policies Act is to provide a mechanism to set up a cogeneration program for Missouri for regulated utilities. Additional requirements regarding this subject matter are also found at 4 CSR 240-3.155.

[(3) Availability of Electric Utility System Cost Data.

(A) All regulated electric utilities shall--

1. File tariffs providing standardized rates for facilities at or under one hundred (100) kilowatts on design capacity. The tariffs are to take account of the stochastic effect achieved by the aggregate output of dispersed small systems, that is, statistically a dispersed array of facilities may produce a level of reliability not enjoyed by any one (1) of the units taken separately. When that aggregate capacity value which allows the utility to avoid a capacity cost occurs and can be reasonably estimated, a corresponding credit must be included in the standard rates. The tariffs should take into account patterns of availability of particular energy sources such as the benefits to a summer peaking utility from photovoltaic systems or to a winter peaking utility for wind facilities;

2. Submit a standard form contract for facilities over one hundred (100) kilowatts as the basis for tariffs for these facilities. Issues such as avoided costs, losses, reliability and ability to schedule are to be considered in the contract; and

3. Submitted to the commission all tariffs and other data required to be prepared and filed by electric utilities under the provisions of subsection (3)(A) no later than September 15, 1981, and updated and revised on or before January 15, 1983 and not less than every two (2) years after that, unless otherwise ordered by the commission.

(B) General Rule. To make available data from which avoided costs may be derived, not later than September 15, 1981 and updated and revised on or before January 15, 1983, and not less than every two (2) years after that, unless otherwise ordered by the commission, each regulated electric utility shall provide to the PSC and shall maintain for public inspection the following data:

1. The estimated avoided cost on the electric utility's system, solely with respect to the energy component, for various levels of purchases from qualifying facilities. These levels of purchases shall be stated in blocks of not more than one hundred (100) megawatts for systems with peak demand of one thousand (1000) megawatts or more, and in blocks equivalent to not more than ten percent (10%) of the system peak demand for systems of less than one thousand (1000) megawatts. The avoided costs shall be stated on a cents per kilowatt-hour basis, during daily and seasonal peak and off-peak periods, by year, for the current calendar year and each of the next five (5) years;

2. The electric utility's plans for the addition of capacity by amount and type, for purchases of firm energy and capacity and for capacity retirements for each year during the succeeding ten (10) years; and

3. The estimated capacity costs at completion of the planned capacity additions and planned capacity firm purchases, on the basis of dollars per kilowatt and the associated energy costs of each unit, expressed in cents per kilowatt hour. These costs shall be expressed in terms of individual generating units and of individual planned firm purchases.

(C) Special Rule for Small Electric Utilities.

1. Each electric utility (other than any electric utility to which subparagraph (3)(C)1.B. applies) upon request shall--

A. Provide comparable data to that required under subsection (3)(B) to enable qualifying facilities to estimate the electric utility's avoided costs for periods described in subsection (3)(B); or

B. With regard to an electric utility which is legally obligated to obtain all its requirements for electric energy and capacity from another electric utility, provide the data of its supplying utility and the rates at which it currently purchases the energy and capacity.

2. If any such electric utility fails to provide this information on request, the qualifying facility may apply to the Public Service Commission for an order requiring that the information be provided.

(D) PSC Review.

1. Any data submitted by an electric utility under this section shall be subject to review by the PSC.

2. In any such review, the electric utility has the burden of coming forward with justification for its data.]

[(4)](3) Electric Utility Obligations Under This Rule.

(A) Obligation to Purchase From Qualifying Facilities. Each electric utility shall purchase, in accordance with section **[(5)](4)**, any energy and capacity which is made available from a qualifying facility--

1. Directly to the electric utility; or

2. Indirectly to the electric utility in accordance with subsection **[(4)](3)(D)** of this rule.

(B) Obligation to Sell to Qualifying Facilities. Each electric utility shall sell to any qualifying facility, in accordance with section **[(6)](5)** of this rule, any energy and capacity requested by the qualifying facility.

(C) Obligation to Interconnect.

1. Subject to paragraph **[(4)](3)(C)2.** of this rule, any electric utility shall make interconnections with any qualifying facility as may be necessary to accomplish purchases or sales under this rule. The obligation to pay for any interconnection costs shall be determined in accordance with section **[(7)](6)** of this rule.

2. No electric utility is required to interconnect with any qualifying facility if, solely by reason of purchases or sales over the interconnection, the electric utility would become subject to regulation as a public utility under Part II of the Federal Power Act.

(D) Transmission to Other Electric Utilities. If a qualifying facility agrees, an electric utility which would otherwise be obligated to purchase energy or capacity from a qualifying facility may transmit the energy or capacity to any other electric utility. Any electric utility to which energy or capacity is transmitted shall purchase energy or capacity under this subsection **[(4)](3)(D)** as if the qualifying facility were supplying energy or capacity directly to the electric utility. The rate for purchase by the electric utility to which such energy is transmitted shall be adjusted up or down to reflect line losses pursuant to paragraph **[(5)](4)(E)4.** of this rule and shall not include any charges for transmission.

(E) Parallel Operation. Each electric utility shall offer to operate in parallel with a qualifying facility, provided that the qualifying facility complies with any applicable standards established in accordance with section **[(9)](8)** of this rule.

[(5)](4) Rates for Purchases.

(A) Rates for purchases shall be just and reasonable to the electric consumer of the electric utility and in the public interest and shall not discriminate against qualifying cogeneration and small power production facilities. Nothing in this rule requires any electric utility to pay more than the avoided costs for purchases.

(B) Relationship to Avoided Costs.

1. For purposes of this section, new capacity means any purchase from capacity of a qualifying facility, construction of which was commenced on or after November 9, 1978.

2. Subject to paragraph **[(5)](4)(B)3.** of this rule, a rate for purchases satisfies the requirements of subsection **[(5)](4)(A)** of this rule if the rate equals the avoided costs determined after consideration of the factors set forth in subsection **[(5)](4)(E)** of this rule.

3. A rate for purchases (other than from new capacity) may be less than the avoided cost if the PSC determines that a lower rate is consistent with subsection **[(5)](4)(A)** of this rule and is sufficient to encourage cogeneration and small power production.

4. Rates for purchases from new capacity shall be in accordance with paragraph **[(5)](4)(B)2.** of this rule, regardless of whether the electric utility making the purchases is simultaneously making sales to the qualifying facility.

5. In the case in which the rates for purchases are based upon estimates of avoided costs over the specific term of the contract or other legally enforceable obligation, the rates for the purchases do not violate this paragraph if the rates for the purchases differ from avoided costs at the time of delivery.

(C) Standard Rates for Purchases.

1. There shall be put into effect (with respect to each electric utility) standard rates for purchases from qualifying facilities with a design capacity of one hundred (100) kilowatts or less.

2. There may be put into effect standard rates for purchases from qualifying facilities with a design capacity of more than one hundred (100) kilowatts.

3. The standard rates for purchases under this subsection shall be consistent with subsections [(5)/(4)(A) and (E) of this rule, and may differentiate among qualifying facilities using various technologies on the basis of the supply characteristics of the different technologies.

(D) Purchases as Available or Pursuant to a Legally Enforceable Obligation. Each qualifying facility shall have the option either--

1. To provide energy as the qualifying facility determines this energy to be available for the purchases, in which case the rates for the purchases shall be based on the purchasing utility's avoided costs calculated at the time of delivery; or

2. To provide energy or capacity pursuant to a legally enforceable obligation for the delivery of energy or capacity over a specified term, in which case the rates for the purchases, at the option of the qualifying facility exercised prior to the beginning of the specified term, shall be based on either the avoided costs calculated at the time of delivery or the avoided costs calculated at the time the obligation is incurred.

(E) Factors Affecting Rates for Purchases. In determining avoided costs, the following factors, to the extent practicable, shall be taken into account:

1. The data provided pursuant to [section (3) of this rule]4 CSR 240-3.155, including PSC review of any such data;

2. The availability of capacity or energy from a qualifying facility during the system daily and seasonal peak periods, including:

A. The ability of the utility to dispatch the qualifying facility;

B. The expected or demonstrated reliability of the qualifying facility;

C. The terms of any contract or other legally enforceable obligation, including the duration of the obligation, termination notice requirement and sanctions for noncompliance;

D. The extent to which scheduled outages of the qualifying facility can be usefully coordinated with scheduled outages of the utility's facilities;

E. The usefulness of energy and the capacity supplied from a qualifying facility during system emergencies, including its ability to separate its load from its generation;

F. The individual and aggregate value of energy and capacity from qualifying facilities on the electric utility's system; and

G. The smaller capacity increments and the shorter lead times available with additions of capacity from qualifying facilities;

3. The relationship of the availability of energy or capacity from the qualifying facility as derived in paragraph [(5)/(4)(E)2. of this rule, to the ability of the electric utility to avoid costs, including the deferral of capacity additions and the reduction of oil use; and

4. The costs or savings resulting from variations in line losses from those that would have existed in the absence of purchases from a qualifying facility, if the purchasing electric utility generated an equivalent amount of energy itself or purchased an equivalent amount of electric energy or capacity.

(F) Periods During Which Purchases not Required.

1. Any electric utility which gives notice pursuant to paragraph [(5)/(4)(F)2. of this rule will not be required to purchase electric energy or capacity during any period which, due to operational circumstances, purchases from qualifying facilities will result in costs greater than those which the utility would incur if it did not make the purchases, but instead generated an equivalent amount of energy itself.

2. Any electric utility seeking to invoke paragraph [(5)/(4)(F)1. of this rule must notify, in accordance with applicable state law or rule, each affected qualifying facility in time for the qualifying facility to cease the delivery of energy or capacity to the electric utility.

3. Any electric utility which fails to comply with the provisions of paragraph [(5)/(4)(F)2. of this rule will be required to pay the same rate for the purchase of energy or capacity as would be required had the period described in paragraph [(5)/(4)(F)1. of this rule not occurred.

4. A claim by an electric utility that this period has occurred or will occur is subject to verification by the PSC as the PSC determines necessary or appropriate, either before or after the occurrence.

[(6)/(5) Rates for Sales.

(A) Rates for sales shall be just and reasonable and in the public interest and shall not discriminate against any qualifying facility in comparison to rates for sales to other customers served by the electric utility. Rates for sales which are based on accurate data and consistent system-wide costing principles shall not be considered to discriminate against any qualifying facility to the extent that those rates apply to the utility's other customers with similar load or other cost-related characteristics.

(B) Additional Services to be Provided to Qualifying Facilities.

1. Upon request of a qualifying facility, each electric utility shall provide supplementary power, back-up power, maintenance power and interruptible power.

2. The PSC may waive any requirement of paragraph [(6)](5)(B)1. of this rule if, after notice in the area served by the electric utility and after opportunity for public comment, the electric utility demonstrates and the PSC finds that compliance with that requirement will impair the electric utility's ability to render adequate service to its customers or place an undue burden on the electric utility.

(C) Rates for Sale of Back-Up and Maintenance Power. The rate for sales of back-up power or maintenance power--

1. Shall not be based upon an assumption (unless supported by factual data) that forced outages or other reductions in electric output by all qualifying facilities on an electric utility's system will occur simultaneously or during the system peak or both; and

2. Shall take into account the extent to which scheduled outages of the qualifying facilities can be usefully coordinated with scheduled outages of the utility's facilities.

[(7)](6) Interconnection Costs.

(A) If the utility and the qualifying facility cannot reach agreement as to the amount or the manner of payment of the interconnection costs to be paid by the qualifying facility, the PSC, after hearing, shall assess against the qualifying facility those interconnection costs to be paid to the utility, on a nondiscriminatory basis with respect to other customers with similar load characteristics or shall determine the manner of payments of the interconnection costs, which may include reimbursement over a reasonable period of time, or both. In determining the terms of any reimbursement over a period of time, the commission shall provide for adequate carrying charges associated with the utility's investment and security to insure total reimbursement of the utility's incurred costs, if it deems necessary.

[(8)](7) System Emergencies.

(A) Qualifying Facility Obligation to Provide Power During System Emergencies. A qualifying facility shall be required to provide energy or capacity to an electric utility during a system emergency only to the extent provided by agreement between the qualifying facility and electric utility or ordered under Section 202(c) of the Federal Power Act.

(B) Discontinuance of Purchases and Sales During System Emergencies. During any system emergency, an electric utility may discontinue purchases from a qualifying facility if those purchases would contribute to the emergency and sales to a qualifying facility, provided that discontinuance is on a nondiscriminatory basis.

[(9)](8) Standards for Operating Reliability. The PSC may establish reasonable standards to ensure system safety and reliability of interconnected operations. Those standards may be recommended by any electric utility, any qualifying facility or any other person. If the PSC establishes standards, it shall specify the need for the standards on the basis of system safety and reliability.

[(10) Implementation of Certain Reporting Requirements. Any electric utility which fails to comply with the requirements of subsection (3)(B) shall be subject to the same penalties to which it may be subjected for failure to comply with the requirements of the FERC's regulations issued under Section 133 of PURPA.]

[(11)](9) Exemption to Qualifying Facilities From the Public Utility Holding Company Act and Certain State Law and Rules.

(A) Applicability. This section applies to qualifying cogeneration facilities and qualifying small power production facilities which have a power production capacity which does not exceed thirty (30) megawatts and to any qualifying small power production facility with a power production capacity over thirty (30) megawatts if that facility produces electric energy solely by the use of biomass as a primary energy source.

(B) A qualifying facility described in subsection (1)(A) shall not be considered to be an electric utility company as defined in Section 2(a)(3) of the Public Utility Holding Company Act of 1935, 15 USC 79b(a)(3).

(C) Any qualifying facility shall be exempted (except as otherwise provided) from Missouri PSC law or rule respecting the rates of electric utilities and the financial and organizational regulation of electric utilities. A qualifying facility may not be exempted from Missouri PSC law and rule implementing Subpart C of PURPA.

AUTHORITY: [section 393.140, RSMo 1986] Sections 386.250 and 393.140, RSMo 2000. Original rule filed Oct. 14, 1980, effective May 15, 1981.

PUBLIC COST: *This proposed amendment will not cost state agencies or political subdivisions more than \$500 in the aggregate.*

PRIVATE COST: *This proposed amendment will not cost private entities more than \$500 in the aggregate.*

NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: *Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Dale Hardy Roberts, Secretary to the Commission, P.O. Box 360, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the **Missouri Register**. Comments should refer to Commission Case No. AX-2001-654, and an original and nine copies of the comments should be filed. A public hearing regarding this proposed rule is scheduled for July 10, 2002 at 10:00 a.m., Room 310 in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule, and may be asked to respond to commission questions.
